The Catalyst Institute for Social Service Alternatives, **The Civic Potential of Video Games** Joseph Kahne,Ellen Middaugh,Chris Evans,2009-06-05 This report focuses on the civic aspects of video game play among youth According to a 2006 survey 58 percent of young people aged 15 to 25 were civically disengaged meaning that they participated in fewer than two types of either electoral activities defined as voting campaigning etc or civic activities for example volunteering Kahne and his coauthors are interested in what role video games may or may not play in this disengagement Until now most research in the field has considered how video games relate to children's aggression and to academic learning Digital media scholars suggest however that other social outcomes also deserve

attention For example as games become more social some scholars argue that they can be important spheres in which to foster civic development Others disagree suggesting that games along with other forms of Internet involvement may in fact take time away from civic and political engagement Drawing on data from the 2006 survey the authors examine the relationship between video game play and civic development They call for further research on teen gaming experiences so that we can understand and promote civic engagement through video games Guinness World Records 2018 Gamer's Edition Guinness World Records,2017-09-18 From the global authority in record breaking comes the 11th edition of the world s best selling videogames annual Packed with the latest records coolest stars and the biggest games the Guinness World Records Gamer s Edition is the go to bible for every gaming fan Just ask the five million readers who ve made it an international sensation Inside you ll find amazing stats thrilling facts inspirational tales lightning quick speed runs and dazzling photos Read about the records behind your favorite games including Mario Overwatch FIFA WWE and Rocket League plus recap on a year of crazy Pok mon GO stories Go behind the scenes of the world s longest running eSports organizer Spook yourself silly with real life videogame mysteries Check out the fastest videogame completions And gaze in envy at the world s largest Zelda and Tomb Raider collections You ll also meet gaming heroes such as the world s oldest games YouTuber at 81 a man with a real life cyborg arm that was inspired by Deus Ex and the kingpin of eSports fighting games But the videogame stars don t get much bigger than DanTDM whose Minecraft channel has been watched nearly 10 billion times So we re thrilled he s written a special intro just for the Guinness World Records Gamer s Edition Speaking of heroes grab your cape and turn to this year s special chapter featuring superhero games It hard to believe it s been nearly 40 years since Superman first exploded onto our consoles So we re celebrating with your favorite costumed crime battlers From Spider Man s web crawling to Batman s gadgetry they re just as powerful in pixels as they are in the movies So whether you want to know who scored the fastest goal in FIFA or achieved the fastest speed run of Final Fantasy XV or just want to see the world s biggest Game Boy this is the book for you **Educational Technology Use and Design for Improved**
