*Strolling in the Ruins* Faith Smith,2023-02-20 In Strolling in the Ruins Faith Smith engages with a period in the history of the Anglophone Caribbean often overlooked as nondescript quiet and embarrassingly pro imperial within the larger narrative of Jamaican and Trinidadian nationalism Between the 1865 Morant Bay Rebellion and World War I British imperialism was taken for granted among both elites and ordinary people while nationalist discourses would not begin to shape political imagination in the West Indies for decades Smith argues that this moment far from being uneventful disrupts the inevitability of nationhood in the mid twentieth century and anticipates the Caribbean s present day relationship to global power Smith assembles and analyzes a diverse set of texts from Carnival songs poems and novels to newspapers photographs and gardens to examine theoretical and literary historiographic questions concerning time and temporality empire and diaspora immigration and indigeneity gender and the politics of desire Africa s place within Caribbeanist discourse and the idea of the Caribbean itself Closely examining these cultural expressions of apparent quiescence Smith locates the quiet violence of colonial rule and the insistence of colonial subjects on making meaningful lives

**Staging Shakespeare** Brian Kulick,2021-07-29 This book begins with a phone call You answer it and learn that you got the job Several months from now you re going to stage a Shakespeare play Now what do you do I mean what do you do after that initial burst of adrenalin has passed through your body and you realize you haven t a clue as to what the play is really about or what you might want to do with it How exactly do you prepare for such an equally wonderful and daunting task This is the central question of this book It grows out of decades of preparing for Shakespeare productions and watching others do the same It will save you some of the panic wasted time and fruitless paths experienced It guides you through the crucial period of preparation and helps focus on such issues as What Shakespeare s life work and world can tell us What patterns to look for in the text What techniques might help unpack Shakespeare s verse What approaches might unlock certain hidden meanings What literary lenses might bring things into sharper focus What secondary sources might lead to a broader contextual understanding What thought experiments might aid in visualizing the play Ultimately this book draws back the curtain and shows how the antique machinery of Shakespeare

s theatre works The imaginative time span begins from the moment you learn that on such and such date you will begin rehearsing such and such Shakespeare play Our narrative clock starts ticking the moment you put down the phone and stops when you arrive at the rehearsal hall and begin your first table read So much of what will be the success or failure of a director s project rests on this work that is done before rehearsals even begin     **Junior Arts and Activities** ,1961
