The word "Image" has its roots in the Latin word "imago", which means "a picture or a likeness". This word was used in the context of religious art, where it referred to a statue or a painting of a saint or a deity. Over time, the word "Image" has expanded its meaning to include any visual representation, whether it is a physical object or a mental concept.

In the modern world, "Image" has become a very important concept. It is often used to describe a person's appearance or a company's reputation.
