When Things Happen at Work (Revised) Hugh J. Finlayson,2022-08-19 THINGS HAPPEN AND THINGS HAPPEN AT WORK SOME GOOD SOME NOT SO More often than not a situation at work emerges as a tangle of what people think and believe to be so animated by differing perspectives on what happened who or what caused it and what to do next A puzzle of sorts and like all puzzles tests your ingenuity and knowledge This tangle of circumstance is set against a familiar backdrop the real organization a web of employment rules a need for information can be characterized as a conflict of sorts necessitating a measure of negotiation and of course requiring a series of informed decisions SO LET S FIGURE OUT HOW TO MAKE WISE CHOICES When Things Happen at Work People Circumstances and What to Do Now is a compendium a collection of concise but detailed information about the interrelated conditions in which work and workplaces exist and events occur conflict the inevitable result of people associating with one another negotiation to reconcile that conflict our primary inter personal decision making process and finally best practices to manage workplace incidents that invariably arise A practical balance between theory and practice When Things Happen at Work is a comprehensive guide on key employment matters A mix of personal experience pragmatism and theory makes When Things Happen at Work an essential resource for managers human resource practitioners and those responsible for inquiring into and or investigating matters at work

Intergroup Misunderstandings Stephanie Demoulin,Jacques-Philippe Leyens,John F Dovidio,2013-02-01 The objectives of the volume are to direct the field s attention to the unique value of studying interactions between members of different groups and to offer the most up to date summaries of prominent and cutting edge scholarship on this topic written by leading scholars in the field A central theme of the volume is that improvement in intergroup relationships will only be possible if

social scientists simultaneously take into account both the attitudes beliefs emotions and actions of the different groups that shape the nature of intergroup relations Understanding how members of different groups interact is critical beyond the value of understanding how majority groups behave and how minority groups respond in isolation Indeed as the book exemplifies groups interpret their interaction differently experiencing different social realities approach interactions with different goals and engage each other with different and often non compatible means or strategies These different realities goals and strategies can produce misunderstanding suspicion and conflict even when initial intentions are positive and cooperative The book will be of interest to professionals and students in social psychology sociology social work education political science and conflict management as well as scholars students and practitioners interested in anti bias education and prejudice reduction techniques and strategies

Getting to :-) Jelle van Veenen,2011 The potential of online communication to reduce the costs of dispute resolution has long been recognized Apart from cost reduction online applications may also improve the quality of dispute resolution Online communication can be limiting when offline processes are copied into an online environment However by designing processes specifically for the medium innovations are possible that are not available in offline dispute resolution In this book the limitations and benefits of using online communication for dispute resolution processes are investigated The book also explores the potential of online communication to support a specific dispute resolution process The focus is on tools to support integrative negotiation which is a common method for negotiating disputes used widely in legal practice and embedded in the formal system of many countries in the form of court annexed mediation The process is usually described in general terms In this research the process is broken down into 14 concrete tasks Additionally several chapters describe how online applications may support users in dealing with communication issues miscommunication distrust and strong emotions in uncovering interests and in developing creative outcomes Examples from three applications demonstrate how these methods are being used in practice
