European Trademark Law Tobias Cohen Jehoram,Constant Van Nispen,2010-09-30 European Trademark Law describes all relevant developments in both legislation and case law in particular of the Court of Justice offering not only a succinct introduction to the theory structure and nature of trademark law

but also insightful suggestions for resolving and answering a host of practical problems As the authors note their book provides an overview of trademark law rather than an overview of trademark legislation The authors view the law from different perspectives they take both the European perspective and the perspective from harmonised national trademark law in particular as it is in the Benelux countries Paying particular attention to the implications of the considerable stream of case law that has followed from partially new doctrines set in place by the harmonization process the book greatly clarifies the workings and interrelations of such factors as the following situations that did not constitute infringement under former trademark law but do constitute infringement today and vice versa different types of marks and their particularities registration and opposition procedures relevant international treaties requirements for the mark grounds for refusal and invalidity scope of and limitations to trademark protection use of trademarks in comparative advertising referential use of trademarks use of trademarks on the internet exhaustion of rights parallel trade concepts of well known trademarks and trademarks with a reputation procedural aspects of enforcing trademark rights how trademark rights are lost The analysis also covers specific aspects of the trademark right that are related to other legal areas such as property law trade name law the law regarding geographical indications of origin copyright law competition law and product liability An especially valuable part of the book s presentation follows the life of a trademark from filing the application up to and including its cancellation revocation or invalidity

Corporate Communication Joep Cornelissen, 2011-03-17 The Third Edition of this market leading text has been updated and expanded with contemporary case material and more detailed coverage of the main topics and trends in corporate communication New to the Third Edition New chapters on strategic planning and campaign management research and measurement and CSR and community relations Greatly expanded coverage of key areas internal communication leadership and change Communication issues management crisis communication and corporate branding Other topics to receive new coverage include public affairs social media internal branding and issues of globalization New and up to date international case studies including new full length case studies and vignettes included throughout the chapters Further reading and new questions for reflection will provide the reader with a means to challenge and further their understanding of each of the topics in the book Online teaching material for lecturers and students including instructors manual PowerPoint slides and new international case studies of varied length SAGE Online journal readings videos online glossary and web links Praise for the Second Edition This is a must have reference book for Chief Executives Finance Directors Corporate Communicators and Non executive Directors in this involve me era of stakeholder engagement and corporate communications How I wish I had had this book on my desk as a Chief Reputation Officer Mary Jo Jacobi Former Chief Reputation Officer of HSBC Holdings Lehman Brothers and Royal Dutch Shell This is a comprehensive and scholarly analysis of corporate communications It will offer students and practitioners alike a considerable aid to study and understanding which will stand the test of time in a fast changing business Ian Wright Corporate Relations Director
