**Philosophical Foundations** Friedrich Julius Stahl, 2022-01-12 Philosophical Foundations is an introduction to the philosophy of law but it also furnishes the foundations for a Christian philosophy In this ethically discombobulated time it provides us with the metaphysical and ethical tools to slash our way through the wilderness of ideologies and power craving opinions which threaten to overwhelm civilization Indeed a solid metaphysical and ethical framework is the crying need of our age and the indispensable presupposition for the various arts and sciences that make up the encyclopedia circle of learning The most basic datum such a framework can provide is very simply the either or of a personal God from Whom all things originated or an ultimate reality that is impersonal That is the starting point for inquiry And it cannot be the case that the decision for an impersonal ultimate reality is a requirement for science Functional atheism can be no requirement for participation either in academia or in public life and policymaking Is science truly science that ignores the most basic fact of existence the existence of God It cannot be so If there were a God and He created the world should that not be accepted because it is unscientific If reason really did not carry the world in itself and could not find the world out by itself would it nevertheless have to remove the world from itself because that alone would be scientific One might just as well require on the basis of science that man should not be born but rather should exist from eternity or that man should feed himself from himself without food or that the eye should see of itself without objects and their impressions from outside Scientificness demands that you be gods but the fact is that you are only human do you have to comply with scientificness Is it the trick to explain the world without God in and for itself regardless of whether the explanation is sufficient is this the essence and the

glory of the scientific character It is no subjection of science to authority if one expects of it that its knowledge should correspond to the object No natural scientist will want to avoid the fact that his teaching must pass the test of the phenomena of nature and yet the philosopher should have the privilege of his teaching merely being seen as logically consistent in order to be considered true even if contradicted by all the facts even if it leaves the great object it is supposed to solve untouched The proof of the pudding is in the eating for the Christian worldview is the only key that unlocks the riddle of life the only explanation of the otherwise unfathomable reality in which we live

### **Christianity and Literature**

David Lyle Jeffrey, Gregory Maillet, 2011-03-15 What has Jesus Christ to do with English literature ask David Lyle Jeffrey and Gregory Maillet in this insightful survey First and foremost they reply many of the world's best authors of literature in English were formed for better or worse by the Christian tradition Then too many of the most recognized aesthetic literary forms derive from biblical exemplars And finally many great works of literature demand of readers evaluative judgments of the good the true and the beautiful that can only rightly be understood within a Christian worldview In this book Jeffrey and Maillet offer a feast of theoretical and practical discernment After an examination of literature and truth theological aesthetics and the literary character of the Bible they turn to a brief survey of literature from medieval times to the present highlighting distinctively Christian themes and judgments In a concluding chapter they suggest a path for budding literary critics through the current state of literary studies Here is a must read for all who are interested in a Christian perspective on literary studies

*Three Views on Creation and Evolution* James Porter Moreland, John Mark Reynolds, 1999 Three views

**Body & Soul** J. P. Moreland, Scott B. Rae, 2000-03-24 The rise of science has called into question the existence of the soul and even many Christian intellectuals view the soul as an outdated and unbiblical concept J P Moreland and Scott B Rae present a vigorous philosophical and ethical defense of human nature as body and soul examining Christian

dualism as it impinges on critical ethical concerns

### **An Introduction to Christian Worldview** Tawa J. Anderson, W.

Michael Clark, David K. Naugle, 2017-10-10 Why do worldviews matter What characterizes a Christian worldview Part of being a thoughtful Christian means being able to understand and express the Christian worldview as well as developing an awareness of the variety of worldviews Well organized clearly written and featuring aids for learning this is the essential text for either the classroom or for self study

*Kingdom Triangle* J. P. Moreland, 2009-07-22 J P Moreland Christian philosopher theologian and apologist issues a call to recapture the drama and power of kingdom living to cultivate a revolution of

theology and apologetics

Evangelical life spirituality thought and Spirit led power Drawing insights from the early church he unpacks three essential ingredients of this revolution Recovery of the Christian mind Renovation of Christian spirituality Restoration of the power of the Holy Spirit Western society is in crisis the result of our culture s embrace of naturalism and postmodernism and a biblical worldview has been pushed to the margins Christians have been strongly influenced by these trends with the result that their personal lives often reflect the surrounding culture more than the way of Christ and the church s transforming influence on society has waned as a result Kingdom Triangle is divided into two major sections The first examines and provides a critique of secular worldviews and shows how they have ushered in the current societal crisis The second lays out a strategy for the Christian community to regain the potency of kingdom life and influence in the world Moreland believes that evangelical Christianity can mature and lead the surrounding society out of the meaningless morass it finds itself in with humility and vision With clear insight he puts the thoughtful Christian in a position to understand our current cultural struggle and to return to a responsible presentation of the way of Christ as not just a way of right living but also a way of knowledge and meaningful life

**"Truth and Proof for the Christian Worldview" A Comprehensive Summary of Christian Apologetics** Kelly J. Walters, 2022-11-22 Why is there something rather than nothing That s the quintessential philosophical question in mankind s search not only for the existence of the universe but also for the existence meaning and purpose of life That question forms the essence for this informative and enlightening book in which author Dr Kelly J Walters reveals both the answer Jesus Christ and the abundant evidential proof Everyone longs to know the answers to universally profound questions like Is God real or What is the true creation story of the universe and of humankind or Is there an afterlife These questions are vast extreme and complex While there are many theories the ultimate empirical and factual answers are impossible to definitively prove for both theist and naturalistic scientism alike Both sides require faith In Truth and Proof for the Christian Worldview Dr Walters offers evidence and rational proof defending the one position that provides the best logical experiential and noncontradictory answer for all the above questions Christianity Atheist turned Christian Dr Walters delves into this convincing evidence providing an organized and scholarly summary and presentation of the detailed research available for Christian apologetics He teaches on a plethora of topics including comparative religion worldviews key logical arguments and formal proofs for God the origins of the universe and life evolution and creationism theories who is Jesus Christ what is true Christianity and more The evidence related to these theological and scientific topics rationally serve to defend clarify and prove the truth for the reality of the one true God of the Bible as creator of the universe and life

**The Lazy Approach to Evangelism** Eric Hernandez, 2023-07-17 Unfortunately the biblical command of apologetics in evangelism is often neglected and misunderstood within our churches today Some think it s optional others assume it s merely arguing with nonbelievers while others outright deny its pragmatic not to mention biblical application As a result the church has become a largely irrelevant ignorable institution within the public sphere of ideas But this need not be the case

Rather than learn new gospel presentations we must learn how to have gospel conversations Evangelism doesn't have to be intimidating or difficult but in a growing culture of doubt it must be effective That is the aim of this book To equip you with the tools necessary for initiating and navigating fruitful conversations with nonbelievers in a secular society This is the role of apologetics in evangelism This is an act of worship as disciples of Jesus This is spiritual warfare This is *The Lazy Approach to Evangelism*

**The Essence of the Christian Worldview** Matt DeLockery,2021-04-28 Every group within Christianity has its own opinions on what Christianity really is But who's right if anyone With the letter to the Colossians we have an opportunity to find an answer Paul compares Christianity to another worldview and argues that Christianity is better This book uses that comparison in order to understand Paul's Christian worldview In this book you will also find answers to some very difficult questions 1 What is God's ultimate purpose for humanity 2 Do we just do things because God told us to 3 Why does Paul tell wives to obey their husbands 4 Why does Paul tell slaves to obey their masters 5 Why does God care what we do at all 6 Why does God command these particular actions 7 Why would we want to follow God's commands anyway 8 How does following God's commands actually make us better people Christianity is the point at which God acted through Christ to fix what was wrong with creation and bring the whole story to a different conclusion In this book you will see the big picture of Christianity and how all the dots connect from start to finish

*Urban Apologetics* Eric Mason,2021-04-06 *Urban Apologetics* examines the legitimate issues that Black communities have with Western Christianity and shows how the gospel of Jesus Christ rather than popular socioreligious alternatives restores our identity African Americans have long confronted the challenge of dignity destruction caused by white supremacy While many have found meaning and restoration of dignity in the black church others have found it in ethnocentric socioreligious groups and philosophies These ideologies have grown and developed deep traction in the black community and beyond Revisionist history conspiracy theories and misinformation about Jesus and Christianity are the order of the day Many young African Americans are disinterested in Christianity and others are leaving the church in search of what these false religious ideas appear to offer a spirituality more indigenous to their history and ethnicity Edited by Dr Eric Mason and featuring a top notch lineup of contributors *Urban Apologetics* is the first book focused entirely on cults religious groups and ethnocentric ideologies prevalent in the black community The book is divided into three main parts Discussions on the unique context for urban apologetics so that you can better understand the cultural arguments against Christianity among the Black community Detailed information on cults religious groups and ethnic identity groups that many urban evangelists encounter such as the Nation of Islam Kemetic spirituality African mysticism Hebrew Israelites Black nationalism and atheism Specific tools for urban apologetics and community outreach Ultimately *Urban Apologetics* applies the gospel to black identity to show that Jesus is the only one who can restore it This is an essential resource to equip those doing the work of ministry and apology in urban communities with the best available information

**Why Believe** Tawa J. Anderson,2021-07-09 *Why Believe* provides accessible explanations of several core

concerns of apologetics from arguments for the existence of God and the validity of Christ's resurrection to common questions about the practice of faith

**Why I Became an Atheist** John W. Loftus, 2012-10-10 For about two decades John W. Loftus was a devout evangelical Christian, an ordained minister of the Church of Christ, and an ardent apologist for Christianity. With three degrees in philosophy, theology, and philosophy of religion, he was adept at using rational argumentation to defend the faith. But over the years, doubts about the credibility of key Christian tenets began to creep into his thinking. By the late 1990s, he experienced a full-blown crisis of faith. In this honest appraisal of his journey from believer to atheist, the author carefully explains the experiences and the reasoning process that led him to reject religious belief. The original edition of this book was published in 2006 and reissued in 2008. Since that time, Loftus has received a good deal of critical feedback from Christians and skeptics alike. In this revised and expanded edition, the author addresses criticisms of the original, adds new argumentation and references, and refines his presentation. For every issue, he succinctly summarizes the various points of view and provides references for further reading. In conclusion, he describes the implications of life without belief in God, some liberating, some sobering. This frank critique of Christian belief from a former insider will interest freethinkers as well as anyone with doubts about the claims of religion.

Stand Your Ground Dean Hardy, 2007-04-01 My freshman year of college was a battle, writes Katie, a college student and a strong Christian. The transition from high school to college is one of the most pivotal times in a young person's life. After departing from under the protective wings of their parents, young adults often have trouble holding firm to the Christian faith. Stand Your Ground is an introduction to apologetics for young adults in high school or college. The book includes thirteen chapters that confront the overwhelming intellectual attacks Christian college students face on university campuses. Dean Hardy takes readers on a spiritual and intellectual journey, addressing such issues as the nature of truth and reality, the investigation of other worldviews, the evidence for Christianity, critics' arguments against Christianity, and the relationship between apologetics and evangelism.

**Simply Trinity** Matthew Barrett, 2021-03-16 What if the Trinity we've been taught is not the Trinity of the Bible? In this groundbreaking book, Matthew Barrett reveals a shocking discovery: we have manipulated the Trinity, recreating the Father, Son, and Holy Spirit in our own image. With clarity and creativity, Barrett mines the Scriptures, as well as the creeds and confessions of the faith, to help you rediscover the beauty, simplicity, and majesty of our Triune God. You will be surprised to learn that what you believe about the Trinity has untold consequences for salvation and the Christian life. To truly know God, you must meet the One who is simply Trinity.

**A World of Difference (Reasons to Believe)** Kenneth Richard Samples, 2007-09-01 Recent Barna research indicates that less than one in ten evangelical Christians hold a biblical worldview. A World of Difference seeks to change this disturbing fact by educating readers on how the Christian perspective is uniquely reasonable, verifiable, and liveable. Author Kenneth Richard Samples faced a profound test of his own belief system during a personal life and death crisis. In A World of Difference, he uses nine distinct tests to compare the Christian worldview

with current religious and philosophical competitors including Islam postmodernism naturalism and pantheistic monism  
Samples tackles tough issues through this in depth study of Christianity s history creed and philosophical basis An excellent  
resource for readers who want their view of life and the world to make sense
