Management Education in Canada Kristin S. Williams, Albert J. Mills, Heidi Weigand, 2025-05-23 *Management Education in Canada: Historical Reflections* offers a fresh and critical look at the evolution of management education in Canada. Nearly 25 years after the seminal work *Capitalizing Knowledge* by Barbara Austin, this edited collection revisits and expands upon the debates that shaped the field while introducing new perspectives and overlooked histories. Featuring ten scholarly essays from leading academics, this volume explores a range of critical and historiographic approaches to management education, highlighting the ways in which history is written, privileged, and at times neglected. Through a variety of themes, including the gendered experiences of female Ph.D. graduates, Africentric and Indigenous leadership approaches, and the role of globalization in shaping management curricula, the book prompts readers to reflect on the past, present, and future of management education in Canada. Chapters cover topics such as the influence of the Administrative Sciences Association of Canada, the underrepresentation of French language business education, and the critical interrogation of management textbooks. Together, these chapters offer a rich and comprehensive analysis of the cultural, institutional, and intellectual forces shaping the discipline. This volume will engage scholars, educators, and students in business schools, faculties of management, and those interested in the broader history of higher education, as well as anyone seeking to understand the historical development of management education in Canada. It is an essential contribution to the ongoing conversation about what management education has been and what it could become.

Hero Me Not Chesya Burke, 2023-04-14 First introduced in the pages of *X-Men: Storm*, Storm is probably the most recognized Black female superhero. She is also one of the most powerful characters in the Marvel Universe, with abilities that allow her to control the weather itself. Yet that power is almost always deployed in the service of White characters, and Storm is rarely treated as an authority figure. *Hero Me Not* offers an in-depth look at this fascinating yet often frustrating character through all her manifestations in comics, animation, and films. Chesya Burke examines the coding of Storm as racially exotic: an African woman who nonetheless has bright white hair and blue eyes and was portrayed onscreen by biracial actresses Halle Berry and Alexandra Shipp. She shows how Storm, created by White writers and artists, was an amalgam of various Black stereotypes: from the Mammy and the Jezebel to the Magical Negro, resulting in a new stereotype she terms the *Negro Spiritual Woman*. With chapters focusing on the history, transmedia representation, and racial politics of Storm, Burke offers a very personal account of what it means to be a Black female comics fan searching popular culture for positive images of powerful women who look like you.
