**Forged in War** R. David Lankes,2021-05-15 I deal for readers seeking a more comprehensive look at information dissemination technology its context and its impact on the way in which we now live Library Journal Starred Review Many of what we think of as Information Age tools and media computers cell phones the internet encryption and more evolved directly out of modern warfare These tools started with World War I which began not with arms but with England cutting off underwater cables to Germany and isolating it accelerated through World War II and the Cold War and now play a center role in both declared and non declared conflicts like election interference and cyberbattles We buy phones and smart speakers because they are new and unlock great potential Voice assistants like Siri

and Alexa help us do our work and answer that one piece of trivia that bugs us Yet these devices are data gatherers They collect repackage and monetize our questions purchases photographs web surfing to form a data industry now larger than the oil industry Well over 100 years ago the data industry put in place a business model that trades our attention for news and entertainment That model has evolved into a complex art and science of message targeting and content ownership that has splintered communities while simultaneously concentrating media ownership to a few massive corporations Forged in War takes a critical look at the systems we use and how we ended up in a society that values data over personal liberty and commerce over the public good It tells a compelling and previously story of how our ideas of information and knowledge reflect the century of war that has militarized our worldview Author David Lankes s work has been funded by organizations such as The MacArthur Foundation The Institute for Library and Museum Services NASA The U S Department of Education The U S Department of Defense The National Science Foundation and The U S State Department This his latest book will help all of us learn how war has shaped our world and how to begin to create an agenda to stand down weaponized data and a media that seeks to own our personal even intimate data like one owns a gold mine Popular Science ,2002-12 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better

The economic crisis of 1997 called East Asia's economic miracle into question and generated widespread criticism of the region's developmental models However the crisis did little to alter the growing economic integration of American Japanese and Chinese firms who have created cross border production networks This book addresses the changing nature of high tech industries in Asia particularly in the electronics sector where such networks are increasingly designed to foster and to exploit the region's highly heterogeneous technology skills and know how Money, Power, Dominance Steven Kuhn, 2022-11-30

From the telegram to Instagram western culture has undergone drastic changes in the way individuals communicate with one another Steven Kuhn details how these changes have progressed and the consequences these innovations have had on our culture Hugh Hefner and Gianni Versace have proven themselves to be influential titans in utilising mass media They have changed the western concept of femininity by building on the print media created by Hollywood and moulding the super model Hefner would go on to pioneer reality television in a way which continues to influence twenty first century programming and vanity driven social media platforms Long after Hollywood in the 1920s and the rise of the internet from the cold war social media was born exacerbating the culture of sexualisation and dominance competition which had always existed offline From Piczo to Tik Tok Steven Kuhn shows where our electronic culture is heading in the future Evolution of Media Mr. Rohit

Manglik,2023-11-23 Historical development of media platforms and communication tools
