Favorite Hamburger & Ground Meats Recipes ,1980 **Ground Beef Jerky Recipes** Brian G Forbes,2020-03-11 This is the second book in my Jerky Maker series where you learn how to take basic hamburger meat and turn it into the best jerky you have ever tasted in your life Yes you can pick up a couple pounds of ground chuck and in a few hours have a huge bag of jerky that tastes better than anything you could ever buy at a store Not only that it will be easy to chew inexpensive and nobody will ever be able to tell you made it from ground up meat In fact most people won t believe you when you tell them These recipes are all a lot of fun and they create jerky with a wide range of flavors Feel free to skip around and read the recipes to see what you like before you start Once you find a few recipes you like you can get started making some amazing jerky that you might even be surprised you could create with just a simple dehydrator and a jerky gun It s actually really easy to make jerky at home and it only takes about 30 minutes of prep time After that the dehydrator does all of the work and you just wait for your delicious jerky to come out a few hours later Couldn t be easier *Home Production of Quality Meats and Sausages* Stanley Marianski,Adam Marianski,2009-10-15 Home Production of Quality Meats and Sausages The Making of a Sausage Maker There has been a need for a comprehensive one volume reference on the manufacture of meats and sausages at home There are many cookbooks loaded with recipes which do not build any foundation for the serious hobbyist to follow This leaves him with little understanding of the sausage making process and afraid to introduce his own ideas There are highly technical and expensive professional books that are written for meat plant managers or graduate students pursuing a master s degree in meat technology Unfortunately these works are written in such difficult technical terms that most of them are beyond the comprehension of an average person Home Production of Quality Meats and Sausages bridges the gap that exists between highly technical textbooks and the requirements of the typical hobbyist Technical terms were substituted with their equivalent but simpler meanings and many photographs drawings and tables were included The book covers topics such as curing and making brines smoking meats and sausages U S Standards making fresh smoked emulsified fermented and air dried products making special sausages such as head cheeses blood and liver sausages low salt low fat and Kosher products hams bacon butts and loins poultry fish and game safety creating your own recipes and much more To get the reader started 172 recipes are provided which were chosen for their originality and historical value Although recipes play an important role in these products it is the process that ultimately decides the sausage quality It is perfectly clear that the authors don t want the reader to copy the recipes only We want him to understand the sausage making process and we want him to create his own recipes We want him to be the sausage maker
