The Gender of Capital Céline Bessière,Sibylle Gollac,2023-03-07 Two leading social scientists examine the gender wealth gap in countries with officially egalitarian property law showing how legal professionals wittingly and unwittingly help rich families and men maintain their privilege In many countries property law grants equal rights to men and women Why then do women still accumulate less wealth than men Combining quantitative ethnographic and archival research *The Gender of Capital* explains how and why in every class of society women are economically disadvantaged with respect to their husbands fathers and brothers The reasons lie with the unfair economic arrangements that play out in divorce proceedings estate planning and other crucial situations where law and family life intersect C line Bessi re and Sibylle Gollac argue that whatever the law intends too many outcomes are imprinted with unthought sexism In private decisions old habits die hard families continue to allocate resources disproportionately to benefit boys and men Meanwhile the legal profession remains in thrall to assumptions that reinforce

gender inequality Bessi re and Gollac marshal a range of economic data documenting these biases They also examine scores of family histories and interview family members lawyers and notaries to identify the accounting tricks that tip the scales in favor of men Women across the class spectrum from poor single mothers to MacKenzie Scott ex wife of Amazon billionaire Jeff Bezos can face systematic economic disadvantages in divorce cases The same is true in matters of inheritance and succession in family owned businesses Moreover these disadvantages perpetuate broader social disparities beyond gender inequality As Bessi re and Gollac make clear the appropriation of capital by men has helped to secure the rigid hierarchies of contemporary class society itself **The Self-destruction of the West** Damien François,2007 Voil d sormais plus de 10 000 ans que la civilisation occidentale s est install e et voil 10 000 ans qu elle viole le sens m me de la nature la vie En s appropriant sans concession ce qui l entourait l homme de l Ouest a vu son horizon ployer sous la charge de la destruction qu il lui avait lui m me r alis e Sommes nous des lycanthropes ou des vampires Ces monstres si terrifiants qui sortent de notre imagination sont ils en r alit la copie de notre comportement d vastateur Pr dateurs nous pompons sans remords les nergies qui nous entourent Jusqu o ira t on French Exploration and Settlement United States.
