The Golden Road William Dalrymple, 2025-04-29

The internationally bestselling author of *The Anarchy* returns with a sparkling, soaring history of ideas tracing South Asia's under-recognized role in producing the world as we know it. For a millennium and a half, India was a confident exporter of its diverse civilization, creating around it a vast empire of ideas. Indian art, religions, technology, astronomy, music, dance, literature, mathematics and mythology blazed a trail across the world along a Golden Road that stretched from the Red Sea to the Pacific. In *The Golden Road*, William Dalrymple draws from a lifetime of scholarship to highlight India's oft-forgotten position as the heart of ancient Eurasia. For the first time, he gives a name to this spread of Indian ideas that transformed the world. From the largest Hindu temple in the world at Angkor Wat to the Buddhism of China, from the trade that helped fund the Roman Empire to the creation of the numerals we use today, including zero, India transformed the culture and technology of its ancient world and our world today as we know it.

Music and Temple Ritual in South India William Tallotte, 2022-12-30

century It explores the ways in which music and ritual are mutually constitutive illuminating the cultural logics whereby performing and listening are integral to the kinetic sensory and affective experiences that enable shape and stimulate ritual communication in present day devotional Hinduism More than a rich and vivid ethnographic description of a local tradition the book also develops a comprehensive and original analytical model in which music is understood as both a situated and creative activity and where the fluid relationship between humans and non humans in this case divine beings is truly taken into consideration **The Golden Legend of India** ,1911 Catalogue of books in the reference library, including
