Waite,2025-10-14 Separate the true teachers from the self seeking gurus      *The Book of One* Dennis Waite,2010-05-11 A comprehensive yet entertaining introduction to Advaita the non dual philosophy which provides a completely reasonable explanation for who we are and the nature of the universe There are many self help approaches promising enlightenment and happiness but most are illogical and lack any proven capability Advaita has a guru disciple tradition stretching back for several thousand years and can guarantee the sincere seeker a progressive path to self realization A 21st Century treatment of this ancient eastern philosophy this book addresses all of the issues that are covered by both traditional teachers from the lineage of Shankara and by modern satsang teaching and Direct Path methods stemming from Ramana Maharshi and Krishna Menon Topics are explained in an accessible and readable manner using amusing quotations and stories along with an abundance of metaphors from a wide variety of sources      *Back To The Truth* Dennis Waite,2010-05-11 A systematic treatment of Advaita which demystifies it differentiating between approaches and teachers enabling you to decide which approach is most suitable for you      *The Open Path* Elias Amidon,2012-09-16 The globally renowned spiritual teacher offers a guide to awakening our most enlightened nature the unified awareness behind all consciousness Interest in nondual awareness as the essence of spiritual awakening is rapidly expanding throughout the Western world Those who follow spiritual paths such as Buddhism Hinduism Sufism and Kabbalism often come up against a kind of ceiling due to their religion s cultural context or a belief system that places awakening beyond the reach of adherents For years Elias Amidon has helped seekers break through their blockages with his nine month Open Path trainings conducted all over the world In The Open Path Amidon shares the lessons and exercises of these trainings It is a guide to the realization of the silent ground of all being and to expressing that realization in your daily life      **Already Awake** Nathan Gill,2004-09-01 Nathan Gill is a rare voice in contemporary spirituality Speaking with consistent clarity he points out that all prescriptions for escape from the drama of separation instead serve as its reinforcement Compiled from transcripts of one to one dialogues and group meetings the talks featured in **Already Awake** present the essential message of non duality in a profound yet straightforward way Also included by way of an introduction to the main text is a revised version of Nathan s first book **Clarity**      **Radical Transformation** Imants Barušs,2021-01-28 In **Radical Transformation** Imants Baru s leads the reader out of the receding materialist paradigm into an emerging post materialist landscape in which new questions present themselves If consciousness has nonlocal properties then how are boundaries between events established If consciousness directly modulates physical manifestation then what is the scope of such modulation If consciousness continues after physical death then how much interference is there from non physical entities As we face the threat of extinction on this planet is there anything in recent consciousness research that can help us Are there effective means of self transformation that can be used to enter persistent transcendent states of consciousness that could resolve existential and global crises The author leads the reader through discussions of meaning radical transformation and subtle activism revealing the unexpected interplay of

consciousness and reality along the way      **Answers... to the Difficult Questions** Dennis Waite,2020-03-27 All spiritual seekers encounter problems A question arises which appears to challenge the veracity of their chosen path If an answer is not found quickly there is a great danger that the particular teaching will be abandoned and another sought Dennis Waite draws on traditional Advaita teachings to answer all seeker related questions He first invited questions to his website in 2005 and this book collects questions and answers in a comprehensive volume for experienced and new spiritual seekers One answer often leads to a new worry and his website adavaita vision org continues to accept questions No question is too difficult for Advaita Vedanta and all answers are reasonable      *Into the Stillness* Gary Weber,Richard Doyle,2015-05-18 At once extraordinarily wide ranging and sharply focused Into the Stillness offers readers several deceptively simple and informal conversations about life existence and identity in one important book Authors Gary Weber and Richard Doyle outline practical instructions on how to break free from harmful self referential thoughts while providing a path to awakening wholeness and stillness      **Growing One's Inner Wisdom - to the Max** Dr. Lynn,2013-07-16 THIS BOOK IS AVAILABLE IN BOTH B W AND COLOR Welcome to the great wisdom oriented guidance of our 2 ever more full of Life Liberty and true found Happiness Characters Quantum Katie Cosmic Charlie Whom we the authors have designed to help carry every One of Us ever more deeply into what we all already know within the very Heart Core of Us      **Only That** Kalyani Lawry,2010-11-01 Through John Wheeler and other influential teachers and through his two books of dialogues Sailor Bob Adamson has become a familiar name to those interested in non dual spirituality With assistance from friends and family and from Bob himself Kalyani Lawry has compiled an absorbing account of his life illustrated with photographs from Bob s personal collection The second part of Only That consists of dialogues which have an immediacy that is closer than your breathing nearer than your hands and feet and a depth that reflects Bob s life experience while pointing clearly to the ultimate reality Thou art That      *Love Outpouring* Scott Flynn,2024-09-27 Ego shaves the vibrancy edges off of life dulling life s inherent wonder dampening one s love of humanity while concurrently dimming the beauty of the world Self reinstates life s vibrant glory as Self consciousness re recognizes its love for its own creation and in doing so falls deeper and deeper back in love with itSelf ever more enhancing the vibrancy of the mystery of life Knowing the difference between who you are and what you have mistaken yourself to be eliminates the ever fluctuating life fragmenting ego leaving only a permanent aware presence that re illuminates the vibrant wholeness of life that has always been all to re establish the eternal wondrous awe that has not been witnessed since childhood Love Outpouring is a gracious invitation from yourSelf to yourSelf to expose the ever present happiness that is already inherent within You so that you may experience directly again the perplexing awe of life You have written yourSelf this book for the purpose of giving yourSelf the permission to fall back in love with yourSelf and allow yourSelf to unavoidably shine your love light upon the world as brightly as possible the greatest gift you or anyone can share with humanity      **The Gospel of Thomas** Robert Wolfe,2010-11-11 If Jesus like the Buddha and the ancient

Indian Vedas before him taught the radical oneness of all things an unorthodox singularity between self and the divine where is the record of such pronouncements by Jesus It s not in the New Testament In 1945 a discovery in an Egyptian desert may have revealed such a document The Gospel of Thomas      **Apotheosis Now** Yanhao Huang,2021-04-13 Many of us are starting to become tired of this game of life We have been comparing and striving all our life But no matter how much success we have achieved we are still hollow and still have found nothing fulfilling We don t even know if happiness exists because it is no longer a living thing in our experience it has become dead as we only know it as a concept or memory We have sought self help advice philosophies and religious teachings to transform ourselves but have not gotten anywhere We have made some superficial improvements like adopting a new mindset but our core remains the same We are still competitive still fearful and we get disturbed all the time The problem with all attempts at self improvement is that we do not address the fundamental problem which is who is the you who needs to be improved We do not see that the one who is making the improvement is the same one who needs to be improved The more we try to improve the more conflict we introduce within and without The more knowledge we stuff in our heads the more we become trapped in a conceptual prison of reality Inevitably the more confused we get in life The book guides the reader out of their distorted beliefs to experience reality beyond the mind When the deeper intelligence is allowed to flourish without our mind s interference then the game of life becomes effortless      Living Space Paul Holman,2018-12-14 Discussing the idea with reference to accounts of awakening in esoteric literature as well as contemporary psychological methods Living Space Openness and Freedom through Spatial Awareness proposes that a common denominator in both physical and emotional healing is the creation of more perceptual and conscious space and that an easier and more spacious awareness can be achieved by relatively simple changes to the way we pay attention These ideas have implications for the way we balance body mind and spirit      **Walking Awake** Steve Ford,2014-05-05 The story of Steve Ford s realisation is unusual One night in his room in 1999 there was a total falling away of all identification as the personal self It was unusual in the sense that Steve had no prior experience of spiritual seeking He had neither teacher nor guru no paradigm which would explain what had happened All vestiges of personality were suddenly gone there was direct and immediate seeing as and from no thing from the absolute Such accounts exist within the spiritual literature and in each case there appears to follow a period of relative dysfunctionality and subsequent reintegration such that what has happened may be understood and conveyed within the world of form In Steve s case this took the form of an exhaustive investigation in consciousness which he eventually came to refer to as The Living Process He explains that realisation is just the beginning and unless subsequent investigation into the nature of consciousness takes place there is re identification and consequently self orientation around no thing Many contemporary teachers and their students relate in this way So what follows in this introductory book is the story of Steve s early life his realisation enquiry and integration in consciousness and some interactions that have taken place with some of those who

have made their way to be with Steve From the Foreword by Nathan Gill

### **The Secular Religion of Franklin**

**Merrell-Wolff** Dave Vliegenthart, 2018-01-16 In The Secular Religion of Franklin Merrell Wolff An Intellectual History of Anti intellectualism in Modern America Dave Vliegenthart offers an account of the life and teachings of the modern American mystic Franklin Merrell Wolff 1887 1985 who combined secular and religious sources from eastern and western traditions in order to elaborate and legitimate his metaphysical claim to the realization of a transcendental reality beyond reason Using Merrell Wolff as a typical example of a modern western guru Vliegenthart investigates the larger sociological and historical context of the ongoing grand narrative that asserts a widespread anti intellectualism in modern American culture exploring developments in religious philosophical and psychological discourses in North America from 1800 until the present
