

PERSONALITY ESSAY

I am one of those persons who has a difficulty of assessing my personality when asked unexpectedly because sometimes I think I am really like that but sometimes not so it becomes a bit complicated. Then I learned that personality traits really change, still there are some traits that up until now I do have.

When I was in elementary school until now that I am in college, I was very shy about approaching my other classmates. All my friends and classmates always say that I live up to my name because I am like an angel. I don't talk to others and just smile when someone says a funny thing. But when I warmed up to them, that's when I felt comfortable showing my crazy side. They will say that I became the complete opposite of their first impression. Almost all the time, witty statements crowd my head, and I can't stop to put them into words, but when there's no one to talk about it I'll just laugh by myself. Just to be clear, I am not mentally ill except when I entered the accounting program, I started to have self-doubts. I really like making jokes and sometimes playing pranks because I feel so good when we laugh. Well, who doesn't like to be happy?

I am also an over thinker and a perfectionist, which I think is a very bad combination when I am sometimes attacked by my laziness. I do have a hard time sleeping at night when I remember embarrassing moments I did earlier the day and sometimes moments even from my elementary days. Being an over thinker also affects my self-confidence, and so I hate reporting and recitations thinking others will judge me. However, I realize that people don't really care about me as much as I don't really care about others' mistakes or with regards to their appearance. What irritates me are grammatically wrong words or phrases, when something is not organized or when things did not go as I expected. But overtime, I learned to accept the way it is and became more understanding of the person or situation because there are things that we cannot do anything about.

I do expect that I'll still have my good traits as I grow older and become more understanding than I am now, but with limits so no one will take advantage of me. I also want to overcome traits that hold me back from reaching my full potential. I am hoping that as I mature, I will still be like myself, who chooses to be happy.

Personality Essay Who Am I:

I Am a Real Person Helen Jones, 2021-03-10 I first started writing this book I Am a Real Person as therapy for myself Although I ve had help from various therapists and counsellors there are some things that I have never been able to talk about or come to terms with and writing this book has helped me It tells of how and why I felt so worthless even from a young age and everything written is exactly how I remember it From even before I was married my life started to go downhill At first I believed it would pick up but after years of abuse I came to the conclusion that it would never change and I just wanted out Until things went from bad to worse and something was said to me that made me realise I had to do something positive I hope that my story will offer encouragement to anyone going through something similar There is always a way out however difficult it may seem
