Rca Digital Tv Converter Box Manual

Erica Sadun

Rca Digital Tv Converter Box Manual:

iMovie '11 & iDVD: The Missing Manual David Pogue, Aaron Miller, 2011-03-16 Apple's video editing program is better than ever but it still doesn't have a printed guide to help you get started. That's where this gorgeous full color book comes in. You get clear explanations of iMovie's impressive new features like instant rendering, storyboarding, and one step special effects. Experts David Pogue and Aaron Miller also give you a complete course in film editing and DVD design. Edit video like the pros. Import raw footage, add transitions, and use iMovie's newly restored intuitive timeline editor. Create stunning trailers. Design Hollywood style Coming Attractions previews for your movies. Share your film. Distribute your movie in a variety of places: on smartphones, Apple TV, your own site, and with one click exports to YouTube, Facebook, Vimeo, CNN iReport, and MobileMe. Make DVDs. Design the menus, titles, and layout for your DVDs and burn them to disc. This book covers version 9 of Apple's iMovie software.

iMovie '09 and iDVD: The Missing Manual David Pogue, Aaron Miller, 2009-04-17 Bursting with new features, Apple's iMovie 09 is vastly more usable and complete than iMovie 08, amazing right out of the box. But the box doesn't include a good user's guide, so learning these applications is another matter. iMovie 09 and iDVD: The Missing Manual gets you up to speed on everything you need to turn raw digital footage into highly creative video projects. You get crystal clear, jargon-free explanations of iMovie's new video effects: slow motion, advanced drag/drop video stabilization, and more. Author and New York Times tech columnist David Pogue uses an objective lens to scrutinize every step of the process, including how to organize your videos just like your photos, and precisely edit with ease. Work on multiple iMovie projects at once and drag/drop clips among them. Integrate with other iLife programs to use songs, photos, and an original sound track. Output your creation to a blog, its own web page, or as a video podcast with iWeb. Understand basic film techniques to improve the quality of the video you bring to iMovie. From choosing and using a digital camcorder to burning the finished work onto DVDs, posting it online, or creating versions for iPod and iPhone, iMovie 09 and iDVD: The Missing Manual helps you zoom right in on the details.

Digital Video Essentials Erica Sadun, 2006-12-26 The Perfect Companion for Your Digital Video Camera. Digital video brings the power of studio production to the personal computer. With just a video camera, a computer, and the proper software, you can create your own innovative and unique movies for personal or business use. Digital Video Essentials shows you how to take advantage of today's technology to get the results you want. In this book, you'll learn to shoot your footage effectively, transfer it to your computer, use editing software to build and enhance your material, and export your movies to VHS tape, DVDs, the Internet, and more. All the Know How You Need Inside: you get the unparalleled instruction of best-selling author and video expert Erica Sadun, who explains the technologies and standards behind digital video in terms anyone can understand. Digital Video Essentials shows you how to make the most of your equipment, introduces you to the inexpensive tools that will turn your computer into a digital editing studio, and explains the latest methods for getting your video to its audience. It even guides you through special effects projects so you can have fun with your video as you learn. The companion

CD comes packed with sample projects and trial versions of the software you need from programs for editing video and sound to tools for burning CDs and creating streaming video Topics covered include Choosing your equipment and planning a shoot Composing lighting and shooting scenes Recording high quality sound Getting analog or digital video onto your computer Editing your video on a PC or a Mac Adding low cost special effects to your videos Burning video CDs and DVDs Sharing your movies via streaming video Note CD ROM DVD and other supplementary materials are not included as part of eBook file
