African Pentecostalism Ogbu Kalu, 2008-03-31 Across Africa Christianity is thriving in all shapes and sizes But one particular strain of Christianity prospers more than most Pentecostals believe that everyone can personally receive the gifts of the Holy Spirit such as prophecy or the ability to speak in tongues In Africa this kind of faith in which the supernatural is a daily presence is sweeping the continent Today about 107 million Africans are Pentecostals and the numbers continue to rise In this book Ogbu Kalu provides the first ever overview of Pentecostalism in Africa He shows the amazing diversity of the faith which flourishes in many different forms in diverse local contexts While most people believe that Pentecostalism was brought to Africa and imposed on its people by missionaries Kalu argues emphatically that this is not the case Throughout the book he demonstrates that African Pentecostalism is distinctly African in character not imported from the West With an even handed approach Kalu presents the religion s many functions in African life Rather than shying away from controversial issues like the role of money and prosperity in the movement Kalu describes malpractice when he sees it The only book to offer a comprehensive look at African Pentecostalism this study touches upon the movement s identity the role of missionaries media and popular culture women ethics Islam and immigration The resulting work will prove invaluable to anyone interested in Christianity outside the West *How God Became African* Gerrie ter

African Christianity Ogbu Kalu,2007 It is ideologically driven to build a group of church historians who will tell the story of African Christianity not Christianity in Africa as an African story by intentionally privileging the patterns of African agency without neglecting the noble roles played by missionaries The effort has been to identify the major themes or story lines in African encounters and in the appropriation of the gospel from publisher description

Caught in the Current Sam Reimer,2023-04-15 Evangelical Christianity is known for its defence of traditional Christian teachings and resistance to liberalizing trends Many Western evangelicals themselves do not yet realize how their faith is being reshaped by the modern zeitgeist Caught in the Current explores how and why Western evangelicals are changing Church attendance

is declining conservative moral positions are unpopular and young people are drifting away from the faith Evangelism is avoided so few are joining congregations Yet these surface changes are only symptoms of a more profound shift that church leaders have not fully apprehended Drawing upon 125 interviews with British and Canadian clergy and active laity Sam Reimer argues that evangelicals have been deeply influenced by a post Christian culture that has rejected institutional religious authority and embraced self spirituality As individual evangelicals struggle to navigate these waters and to distance themselves from politicized evangelicalism in the United States they are caught between conformity and resistance between faithfulness to church moral teachings and accommodation of secular values Many are responding by turning inward to define their Christian beliefs for themselves The ironic result is that the decline of institutional religious authority is not happening just in Western culture but within evangelical churches as well Caught in the Current is an insightful and nuanced assessment of how British and Canadian evangelicals are navigating a post Christian culture often in ways that are distinct from how their counterparts in the United States approach it *Ann Arbor, Michigan City Directory* ,2007 Jan 2003 7 directories in 1 section 1 alphabetical section section 2 business section section 3 telephone number section section 4 street guide section 5 map section section 6 movers section 7 demographic summary **Africans and the Politics of Popular Culture** Toyin Falola, Augustine Agwuele, 2009 Explores the instrumentalization of various aspects of popular culture in Africa This anthology provides insightful data on and discussions of a wide array of popular cultural manifestations and theoretical perspectives covering such issues as kinship religion conflict resolution music cinema drama and literary texts The issues cohere around the understanding that culture is situational and political Going beyond merely challenging popular stereotypes and representations of Africans and African related practices in various outlets the book reveals how popular cultural practices are instruments that have been manipulated for personal and collective survival The book is distinctive in its codification and explication of aspects of popular practices that are based on data from countries in Africa Europe and the Americas that showcase cultural negotiations either with reference to how notions values norms and images of Africans have been packaged and exploited over the years or how popular cultures are used as tools of resistance and agitation by the various focal groups that are discussed The topics are presented and illustrated in ways easily accessible to readers of all backgrounds Toyin Falola is the Jacob and Frances Sanger Mossiker Chair in the Humanities and University Distinguished Teaching Professor at the University of Texas at Austin Augustine Agwuele is an Assistant Professor of Linguistics in the Department of Anthropology Texas State University San Marcos Contributors Arinpe Adejumo Augustine Agwuele Antoinette Tidjani Alou Maurice N Amutabi Tokunbo A Ayoola Nicholas M Creary Toyin Falola Celeste A Fisher Denise Amy Rose Forbes Erickson Hetty ter Haar Debra L Klein Emmanuel M Mbah Sarah Steinbock Pratt and Asonzeh Ukah **Tell** ,2002 *Missionalia* ,2008 *Oral complications in cancer patients* Nathaniel Simon Treister, Giulia Ottaviani, Alan Roger Santos-Silva, David Dean, Wilfredo Alejandro González-Arriagada, 2023-03-02 Am Puls der Zeit?!
