Sjoberg,2003-06-30 The Ninth International Workshop on Persistent Object Systems POS 9 took place at the SAS Radisson Hotel in Lillehammer Norway from 6th to 8th September 2000 Previous workshops in the series have been held in Scotland 1 and 2 Australia 3 the USA 4 Italy 5 France 6 and the USA 7 and 8 In keeping with those workshops POS 9 was short but intensive fitting 28 papers and panel sessions a boat 1 excursion and some memorable meals into two and a half days The participants concentration was no doubt helped by the Northern European weather that prevailed for most of the workshop Continuing a trend experienced over the previous few workshops POS 9 had difficulty attracting a high number of papers Of course it is hard to tell whether this is a problem with the field of persistent systems itself or merely a consequence of the increasing number of workshops conferences and journals competing for submissions In his Epilogue to the proceedings Ron Morrison makes some interesting suggestions for possible improvements to future POS workshops Out of a total of 26 submitted papers 19 were accepted for presentation at the 2 workshop Breaking down by region 6 1 2 came from the USA 1 from Africa 3 1 2 from

Australia and 8 from Europe In a new development for POS an equal number of papers came from England and from Scotland
