several reporting agencies are going to be contacted to provide our credit history But we don't always realize that there's a single element on that report that determines success or failure and that's a three digit number called a credit score Created by Fair Isaac and Company this formerly secret FICO number was until fairly recently available only to lenders and businesses and although it's hush hush no longer many of us still don't understand it because there hasn't been enough information on what it is and what exactly lenders are looking for And we certainly haven't known how to make it work for us rather than against us In *The Complete Idiot's Guide to Improving Your Credit Score* author Lita Epstein clearly explains what your credit score is and how it impacts your life Rather than putting the focus squarely on credit emergencies it provides everything readers need to know to raise their score and keep it high now and in the future **The Guerrilla Guide to Credit Repair** Todd Bierman, Nathaniel Wice, 2005-12-27 A bad credit rating can keep you from buying a house renting a car or even sending flowers yet most people don't know how to find out the status of their credit or how to fix it if it's bad This book can save you time and money Written by a journalist and a credit consultant to the mortgage industry *The Guerrilla Guide to Credit Repair* tells you how the major credit bureaus compile your credit history and teaches you how to deal with them if there is a problem Easy to use the book shows you How to contact three major credit bureaus and get a copy of your credit report How to decipher and understand the report's complex codes numbers and implications Step by step how to correct errors and clean up your credit history How to use your legal rights under the Fair Credit Reporting Act the Fair Billing Act and the Truth in Lending Act to protect yourself against credit abuse Sample credit reports form letters and proven techniques for credit repair makes this an invaluable guide for all consumers Lloyd Segal, 2007-02-01 Foreclosure is not the end of the world or even the end of your home necessarily First know that you're not alone Foreclosures affect all kinds of people and all kinds of properties Like many people faced with foreclosure you may feel helpless hopeless and resigned to giving up your house without trying to save it If so cheer up You actually have some good solid options to take control of the situation avoid foreclosure proceedings and even protect your credit Depending on which option you choose *Stop Foreclosure Now* will help you decide whether your property is really worth saving figure out how much time you have to respond negotiate with your lender use the courts to stop the foreclosure decide whether bankruptcy is a good option arrange to refinance your property sell your property quickly Includes all the necessary forms and step by step instructions **Clean Up Your Credit!** Richard Mansfield, 2022-05-15 Bad things happen to good people Events not always under our control can often result in our credit scores going down and sometimes way way down There are consumer protection laws that you can use to remove negative items from your credit report Because of a quirk in the law you can as the author did remove items that really are yours But if you try to go it alone the credit repair journey can be a nightmare This book introduces a step by step credit repair system actual documents the author used to settle suits and legal cases filed in federal courts against major credit bureaus These are the credit repair secrets they really don't want you to know
