Phenomenology Sebastian Luft,2011-10-31 The purpose of the text is threefold 1 to contribute to the renaissance of Husserl interpretation around a the continuing publication of Husserl s manuscripts and b his unpublished manuscripts 2 to account for the historical origins and influence of the phenomenological project by articulating Husserl s relationship to authors before and after him 3 to argue for the viability of the phenomenological project as conceived by Husserl in his later years In regard to the last purpose Luft s main argument shows that Husserlian phenomenology is not exhausted in the Cartesian early perspective which is indeed its weakest and most vulnerable perspective Husserlian phenomenology is a robust and philosophically necessary perspective when taken from its hermeneutic late perspective And the ultimate point Luft makes in the text is that Husserl s hermeneutic phenomenology is distinct from other hermeneutic philosophers namely Cassirer Heidegger and Gadamer Unlike them Husserl s focus centers on the work the subject must do in order to uncover the prejudices that guide his her unreflective relationship to the world In making his argument Luft also demonstrates that there is a deep consistency within Husserl s own writings from early to late around the guiding themes of 1 the natural attitude 2 the need and function of the epoch and 3 the split between egos where the transcendental self distinct from the natural self is seen as the fundamental ability we all have to inquire into the genesis of our tradition laden attitudes toward the world

Generation Unbound Isabel V. Sawhill,2014-09-25 Over half of all births to young adults in the United States now occur outside of marriage and many are unplanned The result is increased poverty and inequality for children The left argues for more social support for unmarried parents the right argues for a return to traditional marriage In *Generation Unbound* Isabel V Sawhill offers a third approach change drifters into planners In a well written and accessible survey of the impact of family structure on child well being Sawhill contrasts planners who are delaying parenthood until after they marry with drifters who are having unplanned children early and outside of marriage These two distinct patterns are contributing to an emerging class divide and threatening social mobility in the United States Sawhill draws on insights from the new field of behavioral economics showing that it is possible by changing the default to move from a culture that accepts a high number of unplanned pregnancies to a culture in which adults only have children when they are ready to be a parent **The Nation**

Mihail Sebastian,2017-09-12 Available in English for the first time Mihail Sebastian s classic 1934 novel delves into the mind of a Jewish student in Romania during the fraught years preceding World War II This literary masterpiece revives the ideological debates of the interwar period through the journal of a Romanian Jewish student caught between anti-Semitism

and Zionism Although he endures persistent threats just to attend lectures he feels disconnected from his Jewish peers and questions whether their activism will be worth the cost Spending his days walking the streets and his nights drinking and conversing with revolutionaries zealots and libertines he remains isolated even from the women he loves From Bucharest to Paris he strives to make peace with himself in an increasingly hostile world For Two Thousand Years echoes Mihail Sebastian's struggles as the rise of fascism ended his career and turned his friends and colleagues against him Born of the violence of relentless anti-Semitism his searching self derisive work captures a defining moment in history and lights the way for generations to come a prescient heart wrenching chronicle of resilience and despair resistance and acceptance 38

Londres Street Philippe Sands, 2025-10-07 In this intimate legal and historical detective story the world renowned lawyer and acclaimed author of *East West Street* traces the footsteps of two of the twentieth century's most merciless criminals accused of genocide and crimes against humanity testing the limits of immunity and impunity after Nuremberg Though nearly a decade in the making this book could not arrive at a better time because its subject is one of the most pressing themes of our era impunity Sands has created an indelible and enthralling work of moral witness Patrick Radden Keefe author of *Say Nothing* On the evening of October 16 1998 Chilean dictator Augusto Pinochet was arrested at a medical clinic in London After a brutal seventeen year reign marked by assassinations disappearances and torture frequently tied to the infamous detention center at the heart of Santiago *Londres 38* Pinochet was being indicted for international crimes and extradition to Spain opening the door to criminal charges that would follow him to the grave in 2006 Three decades earlier on the evening of December 3 1962 SS Commander Walter Rauff was arrested in his home in Punta Arenas at the southern tip of Chile As the overseer of the development and use of gas vans in World War II he was indicted for the mass murder of tens of thousands of Jews and faced extradition to West Germany Would these uncommon criminals be held accountable Were their stories connected The Nuremberg Trials where Rauff's crimes had first been read into the record in 1945 opened the door to universal jurisdiction and Pinochet's case would be the first effort to ensnare a former head of state In this unique blend of memoir courtroom drama and travelogue Philippe Sands gives us a front row seat to the Pinochet trial where he acted as a barrister for Human Rights Watch and teases out the dictator's unexpected connection to a leading Nazi who ended up managing a king crab cannery in Patagonia A decade long journey exposes the chilling truth behind the lives of two men and their intertwined destinies on 38 *Londres Street*
