The Cult of the Constitution Mary Anne Franks, 2023-05-25 A powerful challenge to the prevailing constitutional orthodoxy of the right and the left A deeply troubling and absolutely vital book Mark Joseph Stern Slate In this provocative book Mary Anne Franks examines the thin line between constitutional fidelity and constitutional fundamentalism *The Cult of the Constitution* reveals how deep fundamentalist strains in both conservative and liberal American thought keep the Constitution in the service of white male supremacy Franks demonstrates how constitutional fundamentalists read the Constitution selectively and self servingly thus undermining the integrity of the document as a whole She goes on to argue that economic and civil libertarianism have merged to produce a deregulatory free market approach to constitutional rights that achieves fullest expression in the idealization of the Internet The fetishization of the first and second amendments has blurred the boundaries between conduct and speech and between veneration and violence But the Constitution itself contains the antidote to fundamentalism *The Cult of the Constitution* lays bare the dark antidemocratic consequences of constitutional fundamentalism and urges readers to take the Constitution seriously not selectively *Hearings, 89th Congress, 1965-66, V. 12* United States. Balleck, 2018-06-01 Highlighting a breadth of American individuals and groups that engaged in extremist behavior across history this book provides a succinct concise overview of extremist behavior in the past and examines today s increasingly common incidences of hate and extremism Since the election of Barack Obama in 2008 extremist and hate groups have seen a resurgence on the American political landscape Members of these subgroups within the American population have become concerned that the America that they have always
