The Great Exchange: Making the News in Early Modern Europe Joad Raymond Wren, 2025-07-10 An epic history of the birth of news in Europe News moves It is a battle a scandal a disaster It is a letter a newspaper a proclamation News is a material thing but also something between us something we take into us and feel This book tells the story of news from the sunset of the Middle Ages to the rise of mass media in modern times It begins in Renaissance Italy with the envoys and merchants who drew in and disseminated news across Europe establishing its channels and conventions Following the beat of news around the continent it uncovers a vast invisible network traversing the boundaries of geography and politics religion and language Joad Raymond Wren allows the reader to see news of the battle of Lepanto the siege of Vienna spreading around this network in real time Dispelling the tenacious myth that news was until the printing press scarce and unreliable and until the telegraph slow and provincial he opens up windows onto a world buzzing with news from faraway News brought the distant closer and provided the means for Europe to know itself The continent was for a time held together by that most essential of human acts communication **Forum**, 1997 **The Commander** Laila Parsons, 2017-02-06

Revered by some as the Arab Garibaldi maligned by others as an intriguer and opportunist Fawzi al Qawuqji manned the ramparts of Arab history for four decades leading or helping to lead Arab forces in nearly every significant military conflict from 1914 to 1948 When an effort to overthrow the British rulers of Iraq failed he moved to Germany where he spent much of the Second World War battling his fellow exile the Mufti of Jerusalem who had accused him of being a British spy In 1947 Qawuqji made a daring escape from Allied occupied Berlin and sought once again to shape his region's history In his most famous role he would command the Arab Liberation Army in the Arab Israeli war of 1948 In this well-crafted lively and definitive biography Laila Parsons tells Qawuqji's dramatic story and sets it in the full context of his turbulent times Following Israel's decisive victory Qawuqji was widely faulted as a poor commander with possibly dubious motives Parsons shows us that the truth was more complex although he doubtless made some strategic mistakes he never gave up fighting for Arab independence and unity even as those ideals were undermined by powers inside and outside the Arab world An outstanding book one of the most important new works in modern Middle Eastern history Eugene Rogan author of *The Arabs* With great skill and impressive scholarship Laila Parsons uses the extraordinary career of Fawzi al Qawuqji as a prism through which to understand the tumultuous history of the Arab world in the first half of the twentieth century Charles Tripp SOAS An indispensable account of the career of a remarkable Arab military leader whose life involved participation in most of the Middle East's major twentieth-century battles Roger Owen Harvard University [Rates of Exchange](#) Malcolm

Bradbury,2015-05-19 Shortlisted for the Man Booker Prize In this comedic novel an English professor collides with disaster at the peak of the Cold War Shortly after his plane first grazes the tarmac in the eastern European nation of Slaka Dr Angus Petworth is beset by a cavalcade of misadventures A university lecturer and seasoned international traveler Petworth is nevertheless unprepared for the oddities of culture and circumstance that await him on the other side of the iron curtain In two eventful weeks Petworth gives an incendiary interview is seduced by a femme fatale and becomes embroiled in a plot of international intrigue all of which conspire to give the mild unassuming professor way more than he bargained for Satirizing everything from critics and diplomats to Marxism and academia Malcolm Bradbury s *Rates of Exchange* is a witty and lighthearted novel of cultural interchange at the height of the Cold War *The Other Exchange* Denys Van Renen,2017-03-01 *The Other Exchange* investigates the ways in which English literature represents women masterless men and foreigners in the economic and sociocultural foundation of the development of middle class consciousness in early modern England [English Colonial Texts on Tangier, 1661-1684](#) Karim Bejjit,2016-03-09 Recent years have seen growing academic interest in England s colonial venture in Tangier in the late seventeenth century and the crucial role it played not only in influencing contemporary domestic politics in England but also in shaping new imperial policies in the Mediterranean This critical edition presents a remarkable collection of 18 Restoration pamphlets dealing with the English occupation of Tangier In an extensive original introduction Karim Bejjit narrates the various stages of the colonial venture in Tangier and critically analyses both the British historiography and current scholarship on the subject He provides an alternative reading of the Tangier episode emphasising the Moroccan point of view and the significance of the local political agency At the same time as the author argues in the introduction so intertwined were the affairs of the colony and the home country in 1680 that the political crisis which was then unfolding in England cannot be fully explained without acknowledging the impact of dramatic developments in Tangier Despite their generic diversity as Bejjit shows the pamphlets in this collection share a common interest in the affairs of Tangier and reflect the changing circumstances and shifting politics at home and in the colony In bringing together these long forgotten narratives this edition revives critical interest in the colonial adventure in Tangier which had considerable influence on the political scene in England Read collectively the texts offer a genuine glimpse into the colonial scene and the interplay of forces which governed English presence in Tangier **The English Reports: Rolls Court (1829-1865)** ,1904 *Stock Exchange Practices* United States. Congress. Senate. Committee on Banking and Currency,1933 **Treaties and Other International Acts of the United States of America: Documents 122-150: 1846-1852. Document 151: 1799** United States,1931 *(M)Other Tongues* Juliane Prade,2020-05-15 *M Other Tongues* Literary Reflexions on a Difficult Distinction examines a key problem of literary criticism the differentiation between languages is at the same time necessary and impossible It is indispensable in order to read a text yet literary texts are precisely those that question this distinction articulating the link between languages and cultures as well as the inherent

strangeness of even one's own mother tongue M Other Tongues explores texts from the 16th century to the 21st century focusing on different aspects of one main feature of literary texts formally as well as semantically they transcend the rules and conventions of the language they speak Crossing cultural borders is commonly discussed in historical social linguistic and psychoanalytical terms whether it be as post colonialism exilic or diasporic identities creoles or the displaced other within the own M Other Tongues argues that rather than being mere evidence in the theoretical analysis of cultural transitions literary texts are a unique medium to reflect such processes as they challenge and modify the notion of language itself The book discusses texts written mainly in English French and German but also in Spanish and the complex formerly known as Yugoslavian M Other Tongues shows that such distinctions between languages are precise since they can be exemplified with an indefinite number of words and rules and still remain uncertain because they cannot be abstracted from these examples What separates the mother tongue from other tongues is indeed precise uncertainty
