Secrets De Sondages:

Secrets de sondages Denis Pingaud, 2011 Leurs méthodes seraient soi-disant fantaisistes. Qu'ils ouvrent les portes de leurs centres de production aux curieux, ils n'ont rien à cacher. Leur dépendance aux médias les rendraient suspects. Qu'ils imposent leur propre analyse comme partie indissociable de leurs résultats, ils en sont les meilleurs pédagogues. Leur rôle dans le débat public serait discutable. Qu'ils affrontent une critique publique contradictoire et clivante, ils ont tout à gagner. Bref, il est temps que les sondeurs dévoilent leurs secrets, défendent leur expertise et s'enrichissent de la discussion.

La prophétie électorale Frédéric Micheau, 2018-08-18 Brexit, Trump, Fillon. 21 avril 2002 européennes, municipales, notoriété et confiance. Tout faux, tout vrai. Pourquoi les sondages ont-ils mauvaise presse? Parce que nous ignorons tout d'eux. D'où ils proviennent, comment on les produit, quels outils ils impliquent, pourquoi il faut savoir les déchiffrer. Histoire, techniques, pratiques et effets pour la première fois. Frédéric Micheau lève le voile sur un instrument devenu inhérent à la vie politique. Il en livre les secrets de fabrication, mais aussi les usages par les candidats et les médias. Il en retrace la grande chronique de l'invention américaine, l'adaptation française avant-guerre, de l'essor sous la Ve République, comment, ante l'inflation d'aujourd'hui. Il en décrypte les méthodes et les processus de fabrication, depuis le recueil des réponses jusqu'à l'interprétation des chiffres et la médiatisation des résultats. Il en précise l'encadrement législatif, mais aussi les conséquences dans le jeu électoral, ainsi que l'influence sur le vote. Décisions des gouvernants, orientations des partis, aspirations des populations sous les statistiques, se révèle la face cachée de nos démocraties d'opinion. Un ouvrage indispensable pour quiconque se veut un citoyen conscient.

Polls and the Media in Canadian Elections Guy Lachapelle, Canada. Royal Commission on Electoral Reform and Party Financing, 1991. This document presents a comprehensive overview of published campaign polls in many democratic countries. It reports that while direct regulation of polls is rare, there is growing concern about their influence. It examines regulations now in place and others that have been proposed. It also examines the professional codes of the World Association for Public Opinion Research and of many national organizations, including those formulated by news organizations. It discusses the attempts of polling organizations and the news media to establish mechanisms of self-regulation.
