e.g. SAP by its emphasis on people it has become the solution of choice in service oriented industries. Though PeopleSoft's market share is around 6% its HRMS module is used by 50% of companies who implement an HR solution. There are no PeopleSoft HRMS books on the market which is surprising since the HRMS module is the most implemented. Personnel at all levels of the implementation process are searching for direction and a clear understanding of how to successfully implement an HR module in their company. By delivering useful concise instruction this book is sure to be close at hand wherever PeopleSoft HRMS consultants are found. Programmers, corporate decision makers, business analysts and all other members of the implementation team will find the information in this book indispensable. Implementing the HRMS module is complex, difficult and time consuming and the audience is starved for resources to guide them through the process. There are no PeopleSoft HRMS books on the shelves yet. The books listed here demonstrate the popularity of PeopleSoft books in general.
