| <i>Why am I taking this assessment exam?</i>                           | Your school requires students to take comprehensive assessment exams in order to assess your learning and to evaluate the program learning outcomes associated with the program of study.                                                                                                                                                                                                                                                                                                                                                                              |
| <i>How should I prepare for the exam?</i>                              | There is no need to prepare for the exam. The comprehensive exam covers topics taught throughout the degree program, which are aligned to the topics required for accreditation. If you are taking this exam early in your program (the inbound exam), there is no need to prepare. The inbound exam simply assesses the baseline data the school needs for its analysis. If you are taking the exam at the end of your program (the outbound exam), the preparation for the exam comes from your educational experience through the required courses for your degree. |
