Teacher Templates for Microsoft Office Javier Martinez, Joseph K. Robinson, 2000

The Toolbox for Portfolio Development Roger Pietroni, 2001 In the face of the relentless rise in health costs many countries have had to set priorities so that maximum benefit can be made of unlimited funds This book shares the experience of those which have taken a lead in this field and draws on models being developed in Oregon New Zealand The Netherlands and Sweden as well as the UK It discusses the strengths and weaknesses of each system from which healthcare planners and managers can draw their own conclusions and apply to the situation for which they are responsible

Digital Personalization in Early Childhood Natalia Kucirkova, 2017-09-07 Digital personalization is an emerging interdisciplinary research field with application to a variety of areas including design education and publication industry This book focuses on children s education and literacy resources which have undergone important changes with the personalization revolution in the early 21st century The author develops original insights from educational research and her own studies concerned with digital and non digital personalization to discuss in a clear and critical way the

thinking research issues and practical implications of this new field She scrutinises the character of technology based personalized education to substantiate the claim that the current models of personalized education tend to be technology and business driven with little pedagogical understanding of the social value of personalization Research involving touchscreens personalized books and 2 8 year olds is interrogated for its impact on children s development of language creativity identity as well as family dynamics and classroom dialogue The literature available on digital and non digital personalization is discussed in relation to five key themes of personalized education the so called 5As autonomy authorship aesthetics attachment and authenticity It is argued that the 5As need to be anchored in humanist principles for a sustainable pedagogy and practice Based on the insights from research with typically and atypically developing children Kucirkova proposes personalised pluralisation as a pedagogical framework of personalized education for the future The book aims to help scholars and professionals understand the connections between personalization and literacy personalization and education and personalization and wider socio moral issues
