

PERSONAL STATEMENT FOR GRADUATE SCHOOL

I have always loved beauty, fashion, and, more importantly, aesthetics. Concerning patterns, trends, and innovations, which steadily evolve, I have always had a passion for these while growing up. As a result, I have been able to channel my career trajectory in this direction subconsciously. However, I never knew the exact specialty to pursue until my most recent role as a counter manager at ****. One of my major responsibilities was displaying brands and making them visually appealing. Even though I was praised for my exquisite performance, I always felt something was wrong. So, I took a break to earn a diploma in Visual Merchandising, and afterward, I began noticing something.

Walking down the street, I keep looking at buildings. The designer inside me always looks for something elegant. Instead, I keep seeing rows of similar boring structures – no aesthetics, no 'wow' factor, nothing exciting. As someone passionate about visual display, design, fashion, and beauty, I could find a connection between people and these buildings. They need to be properly spaced apart for people to enjoy them and, at the same time, be their occupants. I am eager to make discoveries that will aid humanity in making the world a better place. This longing to create perfect buildings continued to grow in me, and then I realized what specialty I need to pursue. It is Interior Architecture and Design, and I have chosen the University of **** to obtain this advanced degree.

Given an opportunity to pursue this program in your institution, I hope to get relevant and useful tools that will, to a significant extent, help me succeed in gaining extensive knowledge and vast experience that will contribute to my development. It is well known that your institution has an excellent faculty, which will expose me to a plethora of research options to advance myself in design and aesthetics and keep abreast of this discipline's historical context. I am sufficiently qualified to be offered this opportunity because I have acquired much experience and design knowledge for over eight years. I wish to get a priceless education and sharpen my social and intellectual capabilities in light of the mentioned things. In my opinion, no other university can offer me such a chance.

Teaching Justice Kristi Holsinger, 2012 *Teaching Justice* explores the role that teaching and learning in higher education can play in solving problems of social injustice. Examining a range of approaches to education, it considers the challenges that exist in teaching about justice, drawing on extensive empirical data gathered amongst college lecturers and professors as well as the author's own experience. With an analysis of the strategies commonly used, this book will shed light on the manner in which students can be engaged in activism and concerned with issues of social injustice. By overcoming apathy and engaging students with social problems, education can thus address matters of injustice and begin to affect change. Presenting extensive international research and insightful analyses, *Teaching Justice* reveals the classroom and the lecture theatre to be important sites in the pursuit of social justice and will appeal to teachers and researchers with interests in social problems, education, and educational methods, and criminal justice as well as community engagement and service learning outside the classroom.
