Raymond Carver, Short cuts, Selected stories et Robert Altman, Short cuts Elisabeth Labadie, 1999 Bien peu de ceux qui ont vu Short Cuts considèrent comme l'un des films majeurs du cinéma américain des années 90 savent qu'il a été tiré de l'œuvre de Raymond Carver S'appuyant principalement sur neuf nouvelles et un poème le cinéaste Robert Altman s'est approprié ce matériau insolite et multiple l'a réorganisé et en a libellé subtilement les contenus Comment ces récits l'origine en parallèle ont-ils tout la fois modifiés embossés amplifiés réduits et réunis c'est ce que cet ouvrage se propose d'analyser Les choix opérés par les scénaristes ramenant la mosaïque de narrateurs imaginés par l'écrivain à un point de vue unique pour qu'ils soient donnés une vision distanciée et inoubliable des microsomes carveriens transposés dans la Californie de l'été 92 Unité de temps unité de lieu pour parvenir à un seul récit emplissant des choses innombrables de références aux textes et d'emprunts parfois surprenants Comme certains personnages de Carver et son double l'écran Altman et son scénariste Frank Barhydt coupent ce qui les dérange raccourcissent et replacent ce qu'ils veulent ou ils le veulent Ils se jouent des contraintes apparentes et des différences fondamentales existant entre les deux systèmes de récit nouvelle et cinéma Le film interroge et renvoie en permanence aux contenus implicites de Carver Ce va-et-vient incessant du film aux textes et des textes au film oblige à porter un regard neuf sur l'univers dessiné par l'écrivain admirer avec quel art de l'ellipse il parle de ce qui l'intéresse La vie toujours la vie

«*Short cuts*», Raymond Carver-Robert Altman Philippe Romanski, 1998-12-31T23:00:00+01:00 Puisque nous voquons des tensions soulignons au fil du rasoir celle qui peut être trop évidente se trouve au cœur de la publication de Short Cuts et qui par conséquent informe les récits qui suivent Short Cuts Selected Stories est un recueil et n'en est pas un Les neuf nouvelles et le poème soumis à notre analyse sont extraits arrachés d'autres ouvrages Si Carver ne cessait de remanier sa production de sorte qu'il n'est pas rare de trouver des versions différentes et autrement regroupées de ses œuvres dans des recueils successifs tel n'est toutefois pas le cas avec ce

volume Regroupement et titre sont ici le seul fait d'Altman qui responsable éditorial pour l'occasion nous donne ainsi voir la substance première de son film de plus de trois heures *Short Cuts* les Américains Il faut donc lire au lieu de ou plutôt en même temps que *Short Cuts Selected Stories by Raymond Carver Short Cuts Stories Selected by Robert Altman* Short cuts, Raymond Carver, Robert Altman Collectif, Claudine Verley, Noëlle Batt, 1999 Ce volume comprend 19 articles dont 7 sont consacrés au film d'Altman ou une analyse comparative du film et des nouvelles de Carver Les autres articles traitent exclusivement des textes de Carver 9 nouvelles et un poème mais dans des perspectives très différentes qui incluent l'approche linguistique dans le cadre de la théorie des opérations nonciatives Dans les nouvelles de Carver comme dans le film d'Altman on vit dans le monde contemporain et quotidien couples en détresse conflits et retrouvailles petites mesquineries et crimes ignobles jalousie et gonflement On passe des cris aux rires puis aux larmes et aussi d'une séquence filmique ou narrative une autre d'une nouvelle une autre La question de la fragmentation et de la continuité se pose dans les deux œuvres de même que celle de la représentation du réel mimés indirectement ellipse ou encore du ton empathie ironie dérision Carver comme Altman se sont posé la même question qui suit encore lecteurs et spectateurs comment rendre compte du quotidien et du banal Carver dirait de ce qui importe Les réponses apportées diffèrent et peuvent même être radicalement opposées foisonnement du film économie des nouvelles par exemple mais aucun moment elles ne sont indifférentes *Raymond Carver, Robert Altman* Claire Fabre, Serge Chauvin, 1999 Neuf nouvelles et un poème de Raymond Carver 1938-1988 qui ont inspiré Robert Altman pour son film *Short Cuts* ont été rassemblées en un nouveau recueil On y entrevoit des destins banales qui basculent dans la crise ou s'en approchent dangereusement L'étrange se glisse alors dans le familier les choses cessent de se ressembler les signes de fonctionner La menace diffuse qui se propage dans les récits inquiète galement l'écriture et requiert un lecteur attentif aux moindres débordements de la langue Avec son film Robert Altman ménage des raccourcis dans l'œuvre de Carver dont il dit que les personnages pour les recomposer prélevant des fragments d'existence apparemment aléatoires selon une esthétique qui oscille entre unité et discontinuité ne rassemblant les choses que pour souligner entre elles les lignes de scission montrant pathos et dérision stéréotype et lucidité From Raymond Carver's Stories to Altman's in Short Cuts Gilles Chamerois, Pierre Gault, Université François-Rabelais (Tours), 1996 **In-roads of Language** Ignasi Navarro Ferrando, Nieves Alberola Crespo, 2006 In roads of Language caps an ensemble of many varied interesting and spirited articles of appealing claim specially garnered for students looking for new insights and usefully dedicated to advanced scholars that may battle in recent trends in English studies A Reader's Companion to the Short Story in English Erin Fallon, R.C. Feddersen, James Kurtzleben, Maurice A. Lee, Susan Rochette-Crawley, 2013-10-31 Although the short story has existed in various forms for centuries it has particularly flourished during the last hundred years Reader's Companion to the Short Story in English includes alphabetically arranged entries for 50 English language short story writers from around the world Most of these writers have been active since 1960 and they reflect a wide range of experiences and perspectives in

their works Each entry is written by an expert contributor and includes biography a review of existing criticism a lengthier analysis of specific works and a selected bibliography of primary and secondary sources The volume begins with a detailed introduction to the short story genre and concludes with an annotated bibliography of major works on short story theory

Adaptation Theory and Criticism Gordon E. Slethaug, 2014-06-19 Traditional critics of film adaptation generally assumed a that the written text is better than the film adaptation because the plot is more intricate and the language richer when pictorial images do not intrude b that films are better when particularly faithful to the original c that authors do not make good script writers and should not sully their imagination by writing film scripts d and often that American films lack the complexity of authored texts because they are sourced out of Hollywood The faithfulness view has by and large disappeared and intertextuality is now a generally received notion but the field still lacks studies with a postmodern methodology and lens Exploring Hollywood feature films as well as small studio productions Adaptation Theory and Criticism explores the intertextuality of a dozen films through a series of case studies introduced through discussions of postmodern methodology and practice Providing the reader with informative background on theories of film adaptation as well as carefully articulated postmodern methodology and issues Gordon Slethaug includes several case studies of major Hollywood productions and small studio films some of which have been discussed before Age of Innocence Gangs of New York and Do the Right Thing and some that have received lesser consideration Six Degrees of Separation Smoke Signals Broken Flowers and various Snow White narratives including Enchanted Mirror Mirror and Snow White and the Huntsman Useful for both film and literary studies students Adaptation Theory and Criticism cogently combines the existing scholarship and uses previous theories to engage readers to think about the current state of American literature and film Raymond Carver Adam Meyer, 1995 An acknowledged master of the short story Raymond Carver 1938-88 excelled at portraying the hardscrabble existence of blue collar workers frustrated and disillusioned by the false promises of the American dream This terrain was well known to Carver who long worked at blue collar jobs to support his family and personally struggled with the transiency alcoholism economic privation and despair he depicts so poignantly in his fiction At the same time he overcame these obstacles aided by among others the writer John Gardner the editor Gordon Lish and the poet Tess Gallagher to become a major figure in the resurgence of the short story and the revival of realistic writing For collections like Will You Please Be Quiet Please What We Talk About When We Talk about Love and the magnificent Cathedral Carver won honor after honor including nominations for the National Book Award the National Book Critics Circle Award and the Pulitzer Prize And with the 1993 release of Robert Altman's film Short Cuts Carver long known to readers of serious fiction attained widespread public recognition Tracing these themes and more is Adam Meyer's Raymond Carver which considers more of the writer's fiction and poetry than has any previous book length study Writing with luminous clarity Meyer delves into the biographical elements shaping the writer's career and probes Carver's style and subject matter he then examines the majority of the

fictional works organizing his material according to distinct phases in the writer's canon while devoting a separate chapter to Carver's poetry Of special appeal are Meyer's insightful comparison of stories published in multiple versions and his informed discussion of minimalism a term often applied to Carver's writings but Meyer argues only partly if at all with accuracy

Robert Altman's Soundtracks Gayle Sherwood Magee, 2014-10-01 American director Robert Altman 1925-2006 first came to national attention with the surprise blockbuster *MASH* 1970 and he directed more than thirty feature films in the subsequent decades Critics and scholars have noted that music is central to Altman's films and in addition to his feature films Altman worked in theater opera and the emerging field of cable television His treatment of sound is a hallmark of his films alongside overlapping dialogue improvisation and large ensemble casts Several of his best known films integrate musical performances into the central plot including *Nashville* 1975 *Popeye* 1980 *Short Cuts* 1993 *Kansas City* 1996 *The Company* 2003 and *A Prairie Home Companion* 2006 his final film Even such non-musicals as *McCabe and Mrs Miller* 1971 have been described as in fellow director and protégé Paul Thomas Anderson's evocative phrase as musicals without people singing Robert Altman's *Soundtracks* considers Altman's celebrated innovative uses of music and sound in several of his most acclaimed and lesser known works In so doing these case studies serve as a window not only into Altman's considerable and varied output but also the changing film industry over nearly four decades from the heyday of the New Hollywood in the late 1960s through the Indiewood boom of the 1990s and its bust in the early 2000s As its frame the book considers the continuing attractions of auteurism inside and outside of scholarly discourse by considering Altman's career in terms of the director's own self-promotion as a visionary and artist the film industry's promotion of Altman the auteur the emphasis on Altman's individual style including his use of music by the director critics scholars and within the industry and the processes tensions and boundaries of collaboration

Masculinity and Place in American Literature since 1950 Vidya

Ravi, 2019-05-15 American literature has long celebrated the figure of the self-made man and the idea of establishing selfhood particularly male selfhood in nature However during the crisis of masculinity that swept across America in the middle of the twentieth century a generation of writers started exploring a different kind of a man This was a figure who was concerned not so much with the loss of the West or the desire to recover a wilderness but with how to live in an ordinary domesticated continent *Masculinity and Place in American Literature since 1950* explores the role of place in negotiating reinforcing and subverting articulations of hegemonic masculinity in the work of four American writers from the latter part of the 20th century John Cheever John Updike Raymond Carver and Richard Ford The book argues that American fiction by white male writers between the 1950s and the present day is compelled by the troubled and troubling relationship between masculinity and place This relationship is deeply embedded in how ideals of masculinity are predicated upon the experience of the physical world and how the symbolic logic of masculinity is continually subverted by alternative conceptions of dwelling and ecological consciousness

Alternative Scriptwriting Ken Dancyger, Jeff Rush, 2012-08-21 Alternative

Scriptwriting 4E is an insightful and inspiring book on screenwriting concerned with challenging you to take creative risks with genre tone character and structure Concerned with exploring alternative approaches beyond the traditional three act structure Alternative Scriptwriting first defines conventional approach suggests alternatives then provides case studies These contemporary examples and case studies demonstrate what works what doesn't and why Because the film industry as well as the public demand greater and greater creativity one must go beyond the traditional three act restorative and predictable plot to test your limits and break new creative ground Rather than teaching writing in a tired formulaic manner this book elevates the subject and provides inspiration to reach new creative heights

Self,2002 With his complex and unconventional films Robert Altman often draws an impassioned response from critics but bafflement and indifference from the general public Some audiences have dismissed his movies as insignificant unsatisfying and unreadable Ironically Altman might agree he makes films in order to challenge filmgoers expectations of straightforward narratives and easily understood endings In Robert Altman s Subliminal Reality Robert T Self sheds light on Altman s work and provides the most comprehensive analysis of his films to date With close readings of classics like MASH McCabe Mrs Miller and Nashville as well as the more recent films The Player Short Cuts and Cookie s Fortune Self asserts the value of Altman s work not only to film theory and the entertainment industry but to American culture Book jacket **Family Journeys Through Peaks and Valleys** Demetria Vargas,2020-04-02 These essays are true narratives about the author s life with her Philippine family of origin It covers her childhood and early adult years in the Philippines between the 1950s and 1970s and her more than three decades of working as a permanent resident in Canada and then continues with her retirement years alternating between these two countries Reflecting on her roles as daughter granddaughter niece and sister to six siblings she describes joyful and unhappy incidents in the context of alliances and alienations formed between her and her elders and those between her and her siblings Stories about her magnificent parents and other elders show how life s joys become more rewarding when shared with deserving meaningful relations those echoing from the valleys are reminders that when a hand is extended to somebody hurting it invariably eases the pain and oftentimes inspires gratefulness and reciprocity Both peak and valley journeys provide a glimpse into the all too often inexplicable intertwining of chance and choice as the actors in this sort of tragicomic family play sought validation for their respective sense of person at certain points in time
