How Then Shall We Guide? Jimmy Boon-Chai Tan, 2023-05-25 There has been a marked increase of interest in the art of spiritual direction in

recent decades Yet in many circles especially in ecumenical and interfaith contexts it is unclear what grounds the practice of this ancient art As a tradition s practice of spiritual direction expresses its particular theology which in turn is shaped by its unique history this work explains that ecumenical spiritual direction must make and retain the tri perspective of history theology and method that faithfully reflects each tradition s distinctives as requisite for true ecumenical enrichment The importance of this trinocular vision is brought into sharp focus through a comparative study of Ignatius of Loyola and John Calvin where points of continuity and discontinuity between the Ignatian and Reformed traditions underscore the importance of this work s thesis

Kopic, 2017-06-06 Kelly M Kopic meditates on how our suffering particularly our physical suffering relates to the Christian faith This is not a theodicy or a book of easy answers It is an invitation to reshape our understanding of suffering into the image of Jesus What we discover is that in Christ and through his church God displays his deep love and provision for his people *Being an Intergenerational Church* Suzi Farrant, Darren Philip, 2023-08-31 There is a growing realisation across mainstream churches that age segregated models of connecting with children young people and families are not working Drawing on their extensive experience Suzi Farrant and Darren Philip set out a vision for bringing the generations back together to become the intergenerational church we are designed to be In conversation with the writings of Dietrich Bonhoeffer they develop a theological rationale for intentional intergenerational relationships of mutuality lived out within the core activities of the church Through an exploration of the Christian practices of humility hospitality participation discipleship joy worship discernment and testimony they call the church to re-discover its DNA as an all age community of transformation **The Motif of Hospitality in Theological Education** Davina Hui Leng Soh, 2016-12-14 These are exciting times in theological education as old models are being reassessed and teachers and schools are looking for guidance on how best to do the job and how to profitably relate to students in the ministry of teaching Increasingly the motif of hospitality is being used to guide our thinking and practice but it needs a careful assessment if it is to be of maximum use to theological education today This book provides an integrated biblical theological and educational rationale to inform theological educators of the place of hospitality in enhancing their quest to create more effective learning environments for the holistic formation of students Dr Davina Soh explores key elements of hospitality such as inclusion presence care and reciprocity which when combined can deliver the best possible educational experience for theological students and transform an entire institution **Living into Community** Christine D. Pohl, 2011-12-20 Every church every organization has experienced them betrayal deception grumbling envy exclusion They make life together difficult and prevent congregations from developing the skills virtues and practices they need to nurture sturdy life giving communities In *Living into Community* Christine Pohl explores four specific Christian practices gratitude

Spiritual Theology Simon Chan, 2025-10-14 Academy of Parish Clergy Top Ten Book Theology is the doctrine of living unto God wrote the Puritan theologian William Ames Unfortunately post Enlightenment theology has tended to divorce doctrine from living unto God And to the degree that this split has been deepened and perpetuated both theology and spirituality have been impoverished Spiritual Theology is a rare book In it Simon Chan surveys the little explored landscape where systematic theology and godly praxis meet highlighting the connections between Christian doctrine and Christian living and drawing out the spiritual implications of particular aspects of systematic theology Allowing rational formulations to drop into the background he brings the mystery of the faith to the fore Chan begins with the principal doctrines of God sin salvation and the church He then progresses to a reflective consideration of the practice of the spiritual life from prayer to spiritual direction Unabashedly evangelical and truly ecumenical Chan grounds his exploration in the sources of the Protestant Catholic and Orthodox traditions His work is well abreast of contemporary theological currents and crossculturally conversant from an Asian perspective Spiritual Theology is a book for those who care deeply about theology and spirituality and strive to integrate the two It is well worth careful reflection and prayerful reading
