such as with Cosimo's Hapsburg and Papal alliances in his bid to be made Grand Duke with hegemony over rival Italian princes. Stories from archives, letters, diaries, chronicles, and secret ambassadorial briefs open up a world of fascinating personalities, personal triumphs, human frailty, rumour, intrigue, and appalling tragedies. Lavishly illustrated. Medici Women: Portraits of Power, Love, and Betrayal in the Court of Duke Cosimo I is an indispensable work for anyone with a passion for Italian renaissance history, art, and court culture. *N.W. Ayer & Son's American Newspaper Annual*, 1893. **The Statesman's Year-Book 1993-94** B. Hunter, 2016-12-23. The classic reference work that provides annually updated information on the countries of the world. *The Jewish Traveler* Alan M. Tigay, 1994. What is there of Jewish interest to see in Bombay? In Casablanca? Where are the kosher restaurants in Seattle? How did the Jewish community in Hong Kong originate? *The Jewish Traveler*. Hadassah Magazine's Guide to the World's Jewish Communities and Sights provides this information and much more. *Automobile Trade Journal*, 1927. **Official Gazette of the United States Patent Office** United States. This is one in a series of titles that take an in-depth look at various countries around the world, covering each country's physical geography, natural environment, politics, and more. *Black Mayors, White Majorities* Ravi K. Perry, 2022-07-19. Recent years have seen an increase in the number of African Americans elected to political office in cities where the majority of their constituents are not black. In the past, the leadership of black politicians was characterized as either deracialized or racialized, that is, as either focusing on politics that transcend race or as making black issues central to their agenda. Today, many African American politicians elected to offices in non-majority black cities are adopting a strategy that universalizes black interests as intrinsically relevant to the needs of their entire constituency. In *Black Mayors, White Majorities*, Ravi K. Perry explores the conditions in which black mayors of majority white cities are able to represent black interests and whether blacks' historically high expectations for black mayors are being realized. Perry uses Toledo and Dayton, Ohio, as case studies, and his analysis draws on interviews with mayors and other city officials, business leaders, and heads of civic organizations, in addition to official city and campaign documents and newspapers. Perry also analyzes mayoral speeches, the 2001 ward-level election results, and city demographics. *Black Mayors, White Majorities* encourages readers to think beyond the black-white dyad and instead to envision policies that can serve constituencies with the greatest needs, as well as the general public. **Explorer's Guide Louisiana** Cynthia Campbell, 2012-05-29. A comprehensive travel guide to Louisiana with maps and information on hotels, restaurants, shopping, and entertainment, and other interesting sites. *The Northeastern Reporter*, 1916.
