Student and Teacher Writing Motivational Beliefs Steve Graham, Gary A. Troia, Gustaf Bernhard Uno Skar, 2024-06-21 The study of students motivational beliefs about writing and how such beliefs influence writing has increased since the publication of John Hays 1996 model of writing This model emphasized that writers motivational beliefs influence how and what they write Likewise increased attention has been devoted in recent years to how teachers motivational beliefs about writing especially their efficacy to teach writing impact how writing is taught and how students progress as writers As a result there is a need to bring together in a Research Topic studies that examine the role and influence of writing beliefs Historically the psychological study of writing has focused on what students write or the processes they apply when writing Equally important but investigated less often are studies examining how writing is taught and how teachers efforts contribute to students writing What has been less prominent in the psychological study of writing are the underlying motivational beliefs that drive or inhibit students writing or serve as catalysts for teachers actions in the classroom when teaching writing This Research Topic will bring together studies that examine both students and teachers motivational beliefs about teaching writing This will include studies examining the operation of such beliefs how they develop cognitive and affective correlates how writing motivational beliefs can be fostered and how they are related to students writing achievement By focusing on both students and teachers beliefs the Research Topic will provide a more nuanced and broader picture of the role of motivation beliefs in writing and writing instruction This

Research Topic includes papers that address students motivational beliefs about writing teachers motivational beliefs about writing or teaching writing Students motivational beliefs about writing include beliefs about the value and utility of writing writing competence attitudes toward writing goal orientation motives for writing identity epistemological underpinnings writing and attributions for success failure as examples Teacher motivational include these same judgements as well as beliefs about their preparation and their students competence and progress as writers to provide additional examples This Research Topic is interested in papers that examine how such beliefs operate develop are related to other cognitive and affective variables how they are impacted by instruction and how they are related to students writing performance Submitted studies can include original research both quantitative qualitative or mixed methods meta analysis and reviews of the literature

Grading for Equity Joe Feldman,2023-08-31 Raise standards and improve learning for all students through equitable grading Grading one of the most important responsibilities of teachers with major implications for students academic and life trajectories is ironically also among the most enigmatic and frequently avoided topics in education Although most teachers sense that common grading practices are often ineffective there is limited understanding of how those practices can undermine effective teaching and harm students particularly those historically underserved It is long past due to implement grading practices that are more accurate bias resistant and motivational and which improve student learning empower teachers and transform classrooms as a result In this newly updated edition of the best selling Grading for Equity Joe Feldman provides a valuable resource for anyone invested in grading and its impact on students education mental health and future opportunities Offering a research based alternative to the status quo this practitioner friendly guide provides Extensive revisions that reflect how the pandemic and the Black Lives Matter movement shifted traditional grading systems New data from both academic research and classrooms that demonstrate the benefits of equitable grading for all students Clear approaches to implement equitable grading practices Updated information on several equitable grading practices including proficiency scales A new concluding chapter that explores implementing equitable grading system wide With a down to earth style driven by the author s own curiosity as a

teacher principal district administrator and university instructor this book will invite and challenge you to think about how more equitable grading when implemented effectively creates a more rigorous humane and positive school experience for all
