

Name: _____

Spiders

Do you like spiders? Spiders are arachnids, not insects. They have eight legs and two body parts. Insects have six legs and three body parts. Spiders do not have wings like most insects do. Spiders do not have antennae. To catch their food, most spiders spin webs. They trap their food in their web. Spiders wrap their food in silk to keep it in the web. Spiders are interesting insects, but some think they are scary.
