Krett,2011-11-30 Using her deep understanding of self psychological theory and her own extensive clinical experience Karen Krett offers us a scholarly yet down to earth examination of hope For too long hope has been promoted as an unmitigated virtue without any consideration of its dark side Yet as Krett shows through revealing clinical examples hope may also impede development and contribute to psychological suffering Her book serves as a wonderful guide from hope s dark side to the light Doris Brothers Ph D author of Toward a Psychology of Uncertainty Trauma Centered Psychoanalysis and Falling Backward An Exploration of Trust and Self Experience Hope saturates the cultural air we breathe in movies songs advertising political slogans and self help books Now for the first time Karen Krett LCSW is putting hope on the therapist s couch Krett examines the duality of hope In childhood hope can be the emotional glue that keeps us from falling apart from losing the thread of life In adulthood unconscious patterns of hoping for what can never be often interfere with our ability to make good choices in love and work It may seem as if giving up any hope would mean the end of us but Krett offers a refreshingly different perspective by breaking the hold of the dark side of hope we can become free to direct ourselves toward hopes which can be realized

Summary of The Miracle Morning

Alexander Cooper,2021-04-24 Summary of The Miracle Morning Hal Elrod s book The Miracle Morning takes widely accepted self help practices that have been developed over centuries of human consciousness studies and condenses the best of the best into a daily six step ritual The book uses the concept of habit stacking the method of selecting a few desirable habits creating a sequence out of them and making the sequence itself a new habit People who use habit stacking benefit because they can adopt multiple good habits at once They can automate their behavior to do an entire sequence instead of just focusing on trying to implement numerous new habits one at a time This method takes less motivation and builds momentum quickly for comprehensive behavior change The Miracle Morning s recommended daily routine is a clear example of a classic habit stack It consists of 6 habits Silence Affirmations Visualization Exercise Reading and Scribing S A V E R S To help readers memorize this sequence Elrod creates a simple acronym Life S A V E R S This acronym is also a metaphor for the projected impact of the routine on the reader Elrod contends that if the reader contentiously follows the steps he or she will be able to discern their innermost desires and achieve the high quality of life they deserve The routine is intended to save readers from a life of mediocrity and underachievement This book is one of the most highly rated books on Amazon it has over two thousand five hundred five star reviews and it was endorsed by world renowned influencers and luminaries including Robert Kiyosaki James Altucher Pat Flynn Brian Johnson Gail Lynne Goodwin and others The significance of this book is rooted in the author s capacity to select universally accepted practices for personal development and combine them into a seamless routine that challenges the reader to explore his or her inner values and create a plan to achieve his or her

dreams The book spurred on an international movement and has been translated into 27 languages The writer claims that the book can help people create the life they have always wanted by building on the simple premise that the way a person starts their day influences the quality of their overall life Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book [How to Build A Million-Dollar Company From Your Own Home in Just 90 Days ...Really?!?](#) Dr. Robert C.
