Secrets Of The Stone Of Destiny:

Secrets of the Stone of Destiny Adrian Gilbert, 2011-09 To look at the Stone of Destiny is an unassuming worn block of stone with simple iron handles protruding from its sides Yet the mythology surrounding it is extraordinary What secrets does this Stone possess What is its destiny Adrian Gilbert looks at the stone in a way never before attempted Secrets of the Stones Paul Wright Taylor, 2024-07-24 When Thomas discovers a strange stone covered with symbols and runes near Hadrian's Wall he finds himself drawn into the mystery of a secret ancient organization known as the Stewards Consulting his fellow academics the archaeologist is determined to learn more about this elite group and their apparent connection to extraterrestrial visits to Earth over the course of human evolution The protagonist slowly unravels a hidden story of Alien influence from early agricultural developments to modern space exploration and their partnership with the Stewards to protect and safeguard the knowledge of their visits and to help maintain the balance of the natural order both on Earth and within the cosmos The archaeology professor's research leads him to holy sites throughout Britain and the influence of Celtic Spirituality as he explores what the Celts called thin places Over the course of his quest Thomas is given another stone etched with a strange glyph but his journey of discovery puts him in the path of the Apostles of Hades a sinister group determined to undermine this balance Drawn to Stonehenge Thomas meets another professor whose field of study is the ancient stone monument Revealing herself to be a modern day Steward Dr Vaughn assists Thomas in unravelling the secrets of the artifacts and together they gain allies to defeat the Apostles of Hades When the true power of the stones is discovered Thomas and the now powerful Stewards find themselves in a cosmic clash to preserve the future of Earth's existence The novel is a familiar plot of science fiction yet with an intriguing Celtic twist **Stone of the Gods: Secrets of the Acropolis and the Parthenon** Dr. Owen Hale, 2025-09-17 High above Athens gleaming under the Attic sun rises the Acropolis at once ruin and revelation symbol and story In *Stone of the Gods: Secrets of the Acropolis and the Parthenon* part of the acclaimed *History Uncovered* series the sacred hill comes alive in all its brilliance and fragility Step back to the 5th century BCE when Athens transformed a rocky citadel into a crown of marble and gold Discover how myth and politics merged as Athena goddess of wisdom and war was chosen as protector of the city Follow the journey of dazzling Pentelic marble from distant quarries hauled by mule and manpower lifted skyward by wooden cranes Walk beside the stonemasons and artisans who carved with bronze chisels until their fingerprints were forever pressed into history The story of the Acropolis and the Parthenon is not only one of triumph but also of scars Pagan temples became churches then mosques Explosions tore through the Parthenon Sculptures were carried off to foreign museums And yet against war empire and time itself the Acropolis still stands its stones whispering both a warning and a promise Blending vivid narrative with the latest scholarship *Stone of the Gods* reveals the secrets of the Parthenon's perfect proportions the drama of its survival and the global debate over its stolen marbles More than a ruin the Acropolis is a mirror reflecting human ambition resilience and the eternal

longing for beauty carved in stone For readers of history archaeology mythology and travel this is the story of why after 2 500 years the world still looks upward at Athens and sees not just Greece but ourselves *Secret Places, Hidden Sanctuaries* Stephen Klimczuk, Gerald Warner, 2009 Gain unprecedented access to such secret places and hidden sanctuaries as [The Secret Tradition In Freemasonry, Volume 1](#) Arthur Edward Waite, This rare book is volume one out of two of one of the most interesting and profound historical works about Freemasonry Volume one covers topics like the fundamental relations between the craft and the high grades the development of the high grade in respect of the ancient alliance the masonic orders of chivalry and more **The Secret Scroll** Andrew Sinclair, 2012-09-28 This is the story of a how a little known manuscript in a Masonic Lodge in Kirkwall has become one of the most important historical documents of the Middle Ages It is also the story of the Templars who were its guardians and of what happened to them after the Crusades Although references to this famous order of military knights rarely appears in standard histories of the time a great deal of information about them can be gleaned from other more esoteric sources such as sculpture and architecture Suppressed by Philip of France out of greed the Templars were gradually driven underground in more and more European countries Yet they continued to exist still guarding the knowledge and relics that they had gathered for the defence of the Holy Land It is this that connects all this to Henry St Clair Earl of Orkney and Grand Master of the Knights Templar and discoverer of America All of these threads come together in one extraordinary scroll still in Kirkwall which reveals in full the secrets of the Knights Templar *Secrets of the Stone of Destiny* Adrian G. Gilbert, 2014-12-15 Within the world there are certain objects talismans if you like that seem to possess a curious almost magical power Like Aladdin's lamp ownership of such objects has always been the desire of powerful men However what they have often not realised is that this desire is not their own rather it is the object or should one say the unseen forces working through it that causes the desire Ownership then becomes a matter of destiny and changes in ownership can signify even apocalyptic events One such object is the Spear of Destiny supposedly the weapon which pierced the side of Christ The possession of this talisman is said to have empowered Charlemagne to found the Holy Roman Empire Adolf Hitler's possession of the spear is said to have triggered the start of his own megalomania to build his Third Reich This book concerns another talisman perhaps the oldest and greatest of them all the Lia Fail or Stone of Destiny To look at it is not all that prepossessing just a rather worn block of stone with iron handles protruding from its sides Yet the mythology surrounding it is extraordinary It predates even the Ark of the Covenant by hundreds if not thousands of years for according to the legends it is the self same stone that was used by the patriarch Jacob Israel as both a pillow and an altar In this timely work Adrian Gilbert investigates the whole story of the Stone of Destiny examining both the legends and the known history of this talismanic object He explores the ancient history of the Near East showing how when and why the stone could indeed have been brought to Ireland and how this understanding fits in with certain of the Edgar Cayce readings He also looks at the stone in a way never before attempted and shows how its very

dimensions provide hidden evidence that links it both to the pyramids of Egypt and to the Druidic religion of Britain which some commentators believe was also imported from Egypt Finally he suggests that while its recent removal from Westminster appears on the surface to have been nothing more than a political stunt it was actually engineered from higher dimensions For this stone truly is a talisman whose fate like that of the Ark of the Covenant is emblematic of the unfolding of prophetic history Tommy Makem's Secret Ireland Tommy Makem,2025-09-23 There are few who could tell a tale or sing a tune with the joy and warmth of Tommy Makem For more than half a century Makem charmed audiences around the world with his tales of his homeland and his people Join him in Tommy Makem s Secret Ireland as this beloved Irish folksinger takes you on a personal tour of his favorite sites and sounds of that Many splendored island that is his home Ireland
