With a foreword by President Barack Obama, the twelfth volume in the Naval History and Heritage Command's Naval Documents of the American Revolution series tells the story of the Revolutionary War on the water during the period of April to June 1778. In the tradition of the preceding volumes, the first of which was published in 1964, this work synthesizes edited documents including correspondence, ship logs, muster rolls, orders, and newspaper accounts that provide a comprehensive understanding of the war at sea in the spring of 1778. The editors organize this wide array of texts chronologically by theater and incorporate French, Italian, and Spanish transcriptions with English translations throughout. Volume 12 presents the essential primary sources on a crucial time in the young republic's naval history as the British consolidate their strength in the Mid-Atlantic and the Americans threaten British shipping in European waters and gain a powerful ally as France prepares to enter the war.

The Postcolonial Intellectual Oliver Lovesey, 2016-03-03. Addressing a neglected dimension in postcolonial scholarship, Oliver Lovesey examines the figure of the postcolonial intellectual as repeatedly evoked by the fabled troika of Said, Spivak, and Bhabha, and by members of the pan-African diaspora such as Cabral, Fanon, and James. Lovesey's primary focus is Ngũgĩ wa Thiong'o, one of the greatest writers of post-independence Africa. Ngũgĩ continues to be a vibrant cultural agitator and innovator who, in contrast to many other public intellectuals, has participated directly in grassroots cultural renewal, enduring imprisonment and exile as a consequence of his engagement in political action. Lovesey's comprehensive study concentrates on Ngũgĩ's non-fictional prose writings, including his largely overlooked early journalism and his most recent autobiographical and theoretical work. He offers a postcolonial critique that acknowledges Ngũgĩ's complex position as a virtual spokesperson for the oppressed and global conscience who now speaks from a location of privilege. Ngũgĩ's writings, Lovesey shows, display a seemingly paradoxical consistency in their concerns over nearly five decades at the same time that there have been enormous transformations in his ideology and a shift in his focus from Africa's holocaust to Africa's renaissance. Lovesey argues that Ngũgĩ's view of the intellectual has shifted from an alienated, nearly neocolonial stance to a position that allows him to celebrate intellectual activism and a return to the model of the oral vernacular intellectual, even as he challenges other global intellectuals. Tracing the development of this notion of the postcolonial intellectual, Lovesey argues for Ngũgĩ's rightful position as a major postcolonial theorist who helped establish postcolonial studies. **The Pall Mall Budget**, 1878. *The Century*, 1884.
