To Whom It May Concern:

Autumn Vincent completed the lab portion of an elementary literacy course in my senior kindergarten classroom at Washington Elementary School in Wauwatosa, Wisconsin during the second semester of the 2007-2008 school year. Autumn came one morning a week and was a dedicated, helpful addition to our classroom. She helped provide differentiated instruction during math and literacy centers, taught a few literacy lessons to the entire class, facilitated with activity center time, assisted the children in their writing, and helped with the various challenges and needs involved in teaching 26 five and six year-old children. Throughout the year Autumn proved to be consistently dependable, capable, and responsible. Her positive, professional attitude was a great encouragement to my 26 students and me.

Autumn has a wonderful rapport with children. Her kind and caring manner helps her build relationships and excitement about learning. Autumn uses active listening, responsive comments, and thoughtful questioning techniques to assist children when they need to work out conflicts with peers or build strategies as problem solvers in challenging learning situations. She is observant and perceptive of the learning needs of the children and readily adapts instruction and support accordingly.

I highly recommend Autumn Vincent for any future opportunities that are available in the field of education. When she completes her degree, Autumn will be a great asset to our profession and any community of learners that is blessed with her presence.
