

Playground Memory

In elementary school, I had many experiences that garnered memories. I was often bullied on the playground during recess because of my skinniness and height. The larger boys saw me as a target for their ego to inflate. They might have had problems at home, or were bullied themselves, and were projecting their frustrations on me.

Anyways, after being locked in a locker, put headfirst into a toilet, punched and pushed around, called names, played jokes on, and other abuse, I finally had enough. I cracked. I could not psychologically take anymore hurt and punctures to my self-esteem.

A day or two after my birthday, I was on the school basketball court, shooting hoops. My mother had given me a basketball as a gift, and I was reveling in the fun of this new sport. But as expected (though I did not think about it at the time), another child started to bother me. He came up to me, and without a word, took the basketball out of my hands as I was dribbling. I was so shocked and emotionally tied to that gift that without a moment's notice, I punched the kid in the face. I knocked him down and he immediately ran away crying. The boy had been a bully, and he deserved a repercussion. However, the principal and I did not see eye to eye, naturally. He called my mother about the incident, and she was surprised that I would do such a thing. I had always been the quiet kid, playing with toys by himself, or tagging along with other children as more of a witness than a major participant. No one's mother expects their child to punch someone, but it happens for certain reasons. In my case, I had been dominated by my classmates for years, and that pent-up anger and shame resulted in a violent action.

From then on, I figured out that I did not need to be bullied. I could take action. I could respond. I found that my anger and resentment gave me a wild and unstoppable strength, which was unmatched by the usual fighting powers of a

Narratives of Civic Duty Aram Hur, 2022-11-15 In Narratives of Civic Duty Aram Hur investigates the impulse behind a sense of civic duty in democracies Why do some citizens feel a responsibility to vote pay taxes or take up arms in defense of one's country Through comparing democratic societies in East Asia and elsewhere Hur shows that the sense of obligation to be a good citizen upon which the resilience of a democracy depends emerges from a force long thought to be detrimental to democracy itself national attachments Nationalism's illiberal and exclusive tendencies are typically viewed as disruptive to democratic processes but Hur argues that there is nothing inherently antidemocratic about nationalism Rather whether nationalism helps or hinders democracy is shaped by the historicized relationship between a national people and their democratic state When national stories portray that relationship as one of mutual commitment nationalism strengthens democracies by motivating widespread civic duty among citizens Drawing on personal narratives statistical surveys and experiments Narratives of Civic Duty offers a provocative national theory of civic duty that cuts to the heart of what makes democracies thrive College Writing For Dummies Joe Giampalmi, 2022-08-30 Transform your next college essay into an A

Narrative as Writing and Literacy Pedagogy for Preservice Elementary Teachers Nancy A. Wasser, 2021-08-16 I just cannot write or I am not a good writer are familiar complaints from students in academia Many of them claim they cannot express themselves clearly in written text and their lack of this skill impedes them in their academic career In this book Nancy A Wasser argues that teachers can help solve this when they start viewing writing not as secondary to reading but as the equally important side of the same coin Those who cannot read will not be able to write Wasser explains how teaching and regular practicing of writing skills from an early age onwards helps children grow into students who are self aware of their voices By employing narrative as a process of learning to write and a way to read teachers can teach children the art of writing while also making children more aware of their own constructions of narrative
