Learning About Learning Disabilities Bernice Wong, Deborah L. Butler, 2012-08-14 This book is intended to provide a summary of current research in learning disabilities suitable for use as a reference source for researchers and as a graduate Collaboration and the Future of Education Gordon Andrews, Wilson J. Warren, James Cousins, 2015-10-08 level text Current educational reforms have given rise to various types of educational Taylorism which encourage the creation of efficiency models in pursuit of a unified way to teach In history education curricula this has been introduced through scripted textbook based programs such as Teacher Curriculum Institute's History Alive and completely online curricula They include the jargon of authentic methods such as primary sources cooperative learning differentiated instruction and access to technology yet the craft of teaching is removed and an experience that should be marked by discovery and reflection is replaced with comparatively empty processes This volume provides systematic models and examples of ways that history teachers can compete with and effectively halt this transformation. The alternatives the authors present are based on collaborative models that address the art of teaching for pre service and practicing secondary history teachers as well as collegiate history educators Relying on original research and a maturing body of secondary literature on historical thinking this book illuminates how collaboration can create real historical learning **Direct, Explicit Content Vocabulary Instruction** Kristiana Marie Duart, 2008 **Teaching Middle Level Social Studies** Scott L. Roberts, Benjamin R. Wellenreiter, Jessica Ferreras-Stone, Stephanie L. Strachan, Karrie L. Palmer, 2022-03-01 This textbook is a comprehensive and practical guide to teaching middle level social studies Middle level students are just as capable as high school students at engaging in hands on progressive reflective activities yet pedagogical strategies designed specifically for the middle grades are often overlooked in teacher education programs This text provides both progressive and traditional teaching methods and strategies proven effective in the middle level classroom. The content of this book consists of conventional chapters such as What is Social Studies and Unit and Curriculum Planning as well as unique chapters such as The Middle Level Learner Best Practices for Teaching State History and Integrating the Core Subjects in Middle Level Social Studies In addition to the unique chapters and lesson plans many additional features of the book will be useful for middle level teaching and learning These features include A list of website resources that provide links to thousands of lesson plans state and national standards and other multimedia tools that can be used in the classroom Individual collaborative and whole class activities that will help methods students develop a better understanding of the topics lessons and strategies discussed High quality lesson ideas and classroom tested teaching strategies embedded throughout the book Images of student work samples that will methods students visualize the finished product that is being discussed An examination of state and national standards that will help guide methods students in their lesson planning **Collecting for the Curriculum** Amy J. Catalano, 2015-09-28 If you re a librarian charged with collecting curriculum materials and children's literature to support the Common Core State Standards

then this book the only one that offers explicit advice on collection development in curriculum collections is for you While there are many publications on the Common Core for school librarians and K 12 educators no such literature exists for curriculum librarians at the post secondary level This book fills that gap standing alone as a guide to collection development for curriculum librarians independent of the Common Core State Standards CCSS The book provides instruction and guidance to curriculum librarians who acquire and manage collections so you can develop a collection based on best practices The book begins with a primer on the CCSS and how curriculum librarians can support them Discussion of the Standards is then woven through chapters arranged by content area that share research based practices in curriculum development and instruction to guide you in curriculum selection Material types covered include games textbooks children s literature primary sources counseling and nonfiction Additional chapters cover the management of curriculum collections testing collections and instruction and reference as well as how to support and collect for special needs learners Current practices in collection development for curriculum materials librarians are also reviewed The book closes with a discussion of the future of curriculum materials
