The candidate has Passed and obtained Marks Four Hundred and Seventeen.

NOTE:

(i) This provisional result intimation is issued as a notice only. Errors and omissions excepted. If a candidate finds any discrepancy in the Result intimation or desires correction in any of the particulars, he/she may contact the Board within 30 days after declaration of the result. Any entry appearing in it does not itself confer any right or privilege independently for the grant of proper certificate, which will be issued under the Rules/ Regulations.

(ii) The Star (*) indicates that the candidate has passed the subject/s with concessional marks under Board Rule. In case he/she is not willing to accept the concessional marks, necessary permission to reappear in the subject/s may be obtained within the schedule for submission of admission form and fee for the next immediate examination provided he/she has the chance/s to re-appear as a compartment candidate in the said examination.

(iii) Candidate intending to apply for re-checking of his/her paper/s may apply **Online** within 15 days after declaration of the result.

(iv) A candidate intending to improve his/her grade or marks are allowed to appear in Subject/s or Part-I or Part-II or both with one examination opportunity within one year of passing relevant examination in the same group/subjects in current/prevalent syllabus. If the candidate qualified subject/s with concessional marks, he/she will also have to appear and qualify in those subject/s for improvement of marks/grade. In case a candidate fails to improve his/her marks/grade in any part or subject/s, his/her previous result will remain intact.

(v) A candidate who was declared full fail in the examination will have to appear, if he intends, under prevalent/current syllabus.

(vi) If the result intimation is lost, the result intimation can be obtained by the candidate on payment of prescribed fee.

2013 International Conference on Advanced Education Technology and Management Science (AETMS2013) S. K. Chen, T.R. Vijayaram, 2013-12-12 2013 International Conference on Advanced Education Technology and Management Science AETMS2013 aims to provide a forum for accessing to the most up to date and authoritative knowledge from both Education Technology and Management Science AETMS2013 features unique mixed topics of Education technology Teaching theory psychology Sport Pedagogy Management science and engineering Finance

and economics and so on The goal of this conference is to bring researchers engineers and students to the areas of Education Technology and Management Science to share experiences and original research contributions on those topics *How Schools and Districts Meet Rigorous Standards Through Authentic Intellectual Work* M. Bruce King, 2016-04-18 Meet challenging standards by promoting students authentic intellectual work There is no such thing as a simple formula for school improvement but the Authentic Intellectual Work AIW framework presented in this book will help school and district based teams improve the quality of instruction assessment and curriculum for more rigorous and more equitable student learning This book provides Richly detailed case studies of successful AIW implementation at the statewide districtwide and individual school levels Illustrations of collaborative teaming to advance higher order thinking disciplined inquiry and value beyond school Exemplars of how AIW transforms professional development and evaluations and increases coherence and alignment of initiatives

Standards for Preparing Teachers of Mathematics Association of Mathematics Teacher Educators (AMTE), 2020-02-01 Also available in a black white version AMTE in the Standards for Preparing Teachers of Mathematics SPTM puts forward a national vision of initial preparation for all Pre K 12 teachers who teach mathematics SPTM contains critical messages for all who teach mathematics including elementary school teachers teaching all disciplines middle and high school mathematics teachers who may teach mathematics exclusively special education teachers teachers of emergent multilingual students and other teaching professionals and administrators who have responsibility for students mathematical learning SPTM has broad implications for teacher preparation programs in which stakeholders include faculty and administrators in both education and mathematics at the university level teachers principals and district leaders in the schools with which preparation programs partner and the communities in which preparation programs and their school partners are situated SPTM is intended as a national guide that articulates a vision for mathematics teacher preparation and supports the continuous improvement of teacher preparation programs Such continuous improvement includes changes to preparation program courses and structures partnerships involving schools and universities and their leaders the ongoing accreditation of such programs regionally and nationally and the shaping of state and national mathematics teacher preparation policy SPTM is also designed to inform assessment practices for mathematics teacher preparation programs to influence policies related to preparation of teachers of mathematics and to promote national dialogue around preparing teachers of mathematics The vision articulated in SPTM is aspirational in that it describes a set of high expectations for developing a well prepared beginning teacher of mathematics who can support meaningful student learning The vision is research based and establishes a set of goals for the continued development and refinement of a mathematics teacher preparation program and a research agenda for the study of the effects of such a program SPTM contains detailed depictions of what a well prepared beginning teacher knows and is able to do related to content pedagogy and disposition and what a strong preparation program entails with respect to learning experiences assessments and partnerships Stakeholders in

mathematics teacher preparation will find messages related to their roles Standards for Preparing Teachers of Mathematics includes standards and indicators for teacher candidates and for the design of teacher preparation programs SPTM outlines assessment practices related to overall quality program effectiveness and candidate performance SPTM describes specific focal practices by grade band and provides guidance to stakeholders regarding processes for productive change *School Laws of the State of Wyoming* Wyoming,1913 **The Age of Teacher Shortages** Ernest J. Zarra III,2019-08-27 The Age of Teacher Shortages is a practical look at the reasons for teacher shortages in schools across America and suggests solutions These shortages are wide reaching and becoming more extensive with each passing year Although the bulk of the teacher shortages are within those which are state trained and conventionally credentialed private schools are also reeling under the pressure of insufficient staffing Is there just a downturn in adults desiring to be in the teaching profession or are there other elements at work This book details elements within American culture that are causing teachers to leave the profession early In addition to this attrition the reasons less students are enrolling in programs other than traditional teacher education programs are also explored Regardless the reasons for decreases in enrollment the effect are negative upon states school districts and families across the United States There are emergency efforts under way to address teacher shortages Departments of education and local school districts are applying different certification and credentialing strategies to both attract and keep teachers employed Many wonder what the overall long term effects of these new methods of employing teachers will be upon education in America This book engages these questions and more In so doing it provides a realistic look into the impacts of teacher shortages alternative certifications and causes of changes in twenty first century American culture **Cases on Effective Universal Design for Learning Implementation Across Schools** Fovet, Frederic,2024-08-05 Universal Design for Learning UDL has been hailed for over a decade as a revolutionary lens that allows schools to shift their efforts to create inclusive environments from a medical model lens to a social model approach In recent years UDL has gone beyond disability and impairment and is now considered an effective tool to create inclusive classroom provisions for Indigenous students and more widely for culturally diverse learners There is now a sizable body of literature that details the benefits of implementing UDL in the K 12 sector There is however a paucity of studies and papers examining the strategic challenges of developing UDL across schools and school boards While the initial concern has been to evidence the pedagogical benefits of introducing UDL to the classroom the challenges discussed at this current stage by classroom practitioners and school leaders are of a different nature they are strategic in nature and focus specifically on the organizational hurdles of scaling up initial efforts It is time for the UDL implementation drive the K 12 sector to go beyond curiosity and to explore sustainable growth and development Cases on Effective Universal Design for Learning Implementation Across Schools fills the gap that exists in the UDL literature at present It offers case studies and practical examples of the reflection which accompanies the systemic implementation of UDL on a wider scale across schools and

schoolboards It examines the full spectrum of ecological repercussions this growth leads to Covering topics such as deficit model practices bilingual K 12 education and UDL implementation this case book is a dynamic resource for educators and administrators of K 12 education instructional designers curriculum developers pre service teachers teacher educators community leaders government officials researchers and academicians ["Code of Massachusetts regulations, 2013"](#), 2013 Archival snapshot of entire looseleaf Code of Massachusetts Regulations held by the Social Law Library of Massachusetts as of January 2020

Teaching Teachers James W. Fraser, Lauren Lefty, 2018-10-01 Teacher education in America has changed dramatically in the past thirty years with major implications for how our kids are taught As recently as 1990 if a person wanted to become a public school teacher in the United States he or she needed to attend an accredited university education program Less than three decades later the variety of routes into teaching is staggering In Teaching Teachers education historians James W Fraser and Lauren Lefty look at these alternative programs through the lens of the past Fraser and Lefty explain how beginning in 1986 an extraordinary range of new teaching programs emerged most of which moved teacher education out of universities In some school districts and charter schools superintendents started their own teacher preparation programs sometimes in conjunction with universities sometimes not Other teacher educators designed blended programs creating collaboration between university teacher education programs and other parts of the university linking with school districts and independent providers and creating a range of novel options Fraser and Lefty argue that three factors help explain this dramatic shift in how teachers are trained an ethos that market forces were the solution to social problems long term dissatisfaction with the inadequacies of university based teacher education and the frustration of school superintendents with teachers themselves who can seem both underprepared and too quick to challenge established policy Surveying which programs are effective and which are not this book also examines the impact of for profit teacher training in the classroom Casting light on the historical and social forces that led to the sea change in the ways American teachers are prepared Teaching Teachers is a substantial and unbiased history of a controversial topic

Report of the State Commissioner of Education of the State of Maine for the School Biennium Ending ... Maine. Office of State Commissioner of Education, 1896

A Guide to Ontario School Law Benjamin Kutsyuruba, David Burgess, Keith Walker, J. Kent Donlevy, 2014-05 A Guide to Ontario School Law is a comprehensive non partisan fair reading of provincial educational statutes regulations and relevant policies that will be a first aid and reference to the lay reader Our goal is to provide an up to date accessible and user friendly guide to various legal parameters for teachers aspiring teachers trustees school administrators central office administration parents and interested community members In particular the resources and insights in this guide are aimed at helping teacher candidates to develop literacy in educational law and policy and ultimately to successfully transition from teacher education programs into teaching careers

Cognitive Coaching Arthur L. Costa, Robert J. Garmston, 2015-08-01 In this greatly expanded and extensively updated edition of a widely popular resource

you see how teachers individual and collective capacities for continuing self improvement are strengthened over time through Cognitive Coaching You gain essential skills protocols guidance research and resources to use when implementing Cognitive Coaching principles and values in your own school setting Working toward the goals of making school better places where more students succeed and satisfaction in learning and teaching prevail Costa and Garmston let you know about their own learning and how new research and practice can support individuals and schools in reaching higher more satisfying and more holistic performance Organized into four sections the book clearly and effectively presents these concepts the meanings of cognitive coaching the basics of teaching excellence strategies and tactics for engaging in coaching and how to integrate Cognitive Coaching throughout the system **Journal of Comparative Legislation and International Law** ,1906 Includes annual Review of legislation covering the years 1859 1949 Journal of the Society of Comparative Legislation Society of Comparative Legislation,1907 Includes an annual Review of legislation *Teachers' Monographs* ,1908 The International Journal of Indian Psychology, Volume 3, Issue 4, No. 68 IJIP.In,2016-09-30 **State of Wisconsin Blue Book 2013-2014** ,2013-07-03 **Handbook of Research on Teachers of Color and Indigenous Teachers** Conra D. Gist,Travis J. Bristol,2022-10-15 Teachers of Color and Indigenous Teachers are underrepresented in public schools across the United States of America with Black Indigenous and People of Color making up roughly 37% of the adult population and 50% of children but just 19% of the teaching force Yet research over decades has indicated their positive impact on student learning and social and emotional development particularly for Students of Color and Indigenous Students A first of its kind the Handbook of Research on Teachers of Color and Indigenous Teachers addresses key issues and obstacles to ethnoracial diversity across the life course of teachers careers such as recruitment and retention professional development and the role of minority serving institutions Including chapters from leading researchers and policy makers the Handbook is designed to be an important resource to help bridge the gap between scholars practitioners and policy makers In doing so this research will serve as a launching pad for discussion and change at this critical moment in our country s history The volume s goal is to drive conversations around the issue of ethnoracial teacher diversity and to provide concrete practices for policy makers and practitioners to enable them to make evidence based decisions for supporting an ethnoracially diverse educator workforce now and in the future
