**The Liturgy and Catholic Social Teaching** Kevin Ahern, Larry Dowling, Bernard Evans, Anne Y. Koester, Thomas Massaro, SJ, Dawn M. Nothwehr, OSF, Timothy P. O'Malley, Thomas Scirghi, SJ, Kate Ward, 2019-08-23 Catholic social teaching guides us in how we are to live the Gospel in today's world. Liturgy forms us in these teachings and sends us out into the world to give witness to the Gospel. Organized by the seven themes of Catholic social teaching as developed by the United States bishops, this resource explores the intimate connection between liturgy and Catholic social teaching. It provides insights for parish teams on how Catholics might better live what it is we celebrate each time we gather to worship God and express more fully consciously and actively what it means to be in right relationship with God and the world. With questions for discussion and reflection following each thematic chapter, worship teams, parish councils, and peace and justice committees will be able to evaluate and improve parish liturgical practices and ministerial outreach as rooted in Catholic social teaching. With penitential services organized by each of the seven themes, this resource also provides parishioners with the means to examine their own consciences, make acts of reparation, and resolve to be more committed to following the teachings of the Church. Liturgy and Catholic Social Teaching is sure to help build a world that more closely reflects the love and mercy, justice and peace of God. The prayer services found in this book may also be downloaded as a PDF. Additional questions for discussion are also provided online for young adults.

Webster, Ronald S. Laura, 2016-04-26 This

book explores one of the great paradoxes of our era Western culture has almost imperceptibly come to secularize the sacred while at the same time sacralizing the secular The authors endeavor to show the debilitating effects that this paradox has had on the foundations of Christian worship with special reference to the history of worship and in particular the Presbyterian Church in Australia The authors show how the theological predilection for minimization has become inextricably woven into the fabric of what we call the theory of transformative subjugation which drives the rationale for religious secularization The book argues that it is necessary to consider a serious reconstruction of theological education in which its framework is located in a specific Christian theory of knowledge which engenders the Lordship of Christ and encourages a spirit of transformative love and connectedness It is only in this context that the theology of worship and the beauty and usefulness of liturgical forms can be appreciated
