## **Technical Analysis Best Tool:**

**Technical Analysis Tools** Mark Tinghino, 2010-05-13 Most investors know that highly profitable trading methods employ a number of technical analysis tools Unfortunately choosing the right ones is easier said than done In Technical Analysis Tools professional trader Mark Tinghino cuts through the clutter First he demystifies the essential technical approaches such as chart patterns indicators Market Profile and Elliott Wave He also introduces a new instrument of his own the cyclical model which helps identify trend reversals Next he provides techniques that turn the tools into trading programs Those techniques include how to time buying and selling how to account for the effect of fundamental analysis on technical analysis and how to use spreads to effectively manage risk Real world examples objective analyses of how successful investors implement their own trading systems and dozens of charts and graphs make Technical Analysis Tools exceptionally clear and practical

**Essential Technical Analysis** Leigh Stevens, 2002-10-15 An Introduction to Technical Analysis from One of the Top Names in the Business Essential Technical Analysis is a highly valued resource for technical traders The importance of comprehensive and well researched market behaviors indicators and systems were well expressed graphically with many examples No technical analyst should be without this book Stevens s book could become another classic SURI Duddella President of siXer cOm inc Forbes magazine s Best of the Web in Technical Analysis Category Essential Technical Analysis will give the new student of technical analysis a good overview of both classical chart patterns and a myriad of technical indicators but so will many other texts What sets this volume apart is that it presents the subject in the context of real world trading situations not idealized well chosen examples Books on technical analysis especially those aimed at novices are typically filled with charts in which the selected patterns are both unambiguous and work perfectly As Leigh Stevens recognizes and confronts however the real world is a far more sloppy place charts may often contain conflicting indicators and patterns don t always work as described Reading Essential Technical Analysis is like sitting beside a veteran technical analyst and having him describe his methods and market experiences Jack Schwager author of Market Wizards Stock Market Wizards and Schwager on Futures Leigh Stevens s depth of experience acquired over many years has generated a deep understanding of and commitment to the discipline of technical analysis He is also one of those rare individuals who have both the ability to convey the essence of his ideas in a wonderfully simple and straightforward way and through the use of personal anecdotes and experiences There are not many people around who can both walk the walk and talk the talk Tony Plummer author of Forecasting Financial Markets Director of Rhombus Research Ltd and former Director of Hambros Bank Ltd and Hambros Investment Management PLC Leigh Stevens brings his considerable years of experience to this project He has crafted a real world book on technical analysis that gives you the benefit of his trials and errors as well as 120 years of observations and market wisdom from Charles Dow to the latest indicators and approaches Investors who suffered from the bursting of the technology bubble in 1999 and 2000 should read Essential Technical Analysis from cover to
