discourage migration This was how the Trump administration treated the child victims of unspeakable violence that had driven them from their homes as pawns in a power play rather than as humans worthy of respect and dignity It was Merkley's visits captured live on viral video that triggered worldwide outrage at the forced separation of children from their parents Just by taking an interest by caring about the people legally claiming asylum at America's borders Merkley helped expose the Trump administration's war on migrant families Along the way he helped turn the tide against some of its worst excesses AMERICA IS BETTER THAN THIS tells the inside story of how one senator with no background as an immigration activist became a leading advocate for reform of the brutal policies that have created a humanitarian crisis on the southern U S border It represents the heartfelt and candid voice of a concerned American who believes his country stands for something far bigger and better Journal of the House of Representatives of the United States United States.
