

Given our project in English, I chose the Ronald McDonald House Charities. I thought to myself, now is my chance to help in the advancement of the lives of the less fortunate. While most of my classmates made PowerPoint presentations, I used my creativeness to make an entertaining hip-hop music video. I gathered all the information I needed, wrote the music and lyrics of the song and recorded it. My teacher was very much impressed with what I did that she showed the video to the other English classes. Because of the wide acclaim of the video in school, my teacher and I decided to collect pop tabs for the Ronald McDonald House Charities. In a school pep rally, my teacher asked me to perform my song to help promote the pop tab collection. The response was overwhelming because we got the support not only of the students and teachers but the parents and church members as well. After only two months of the project, we were able to fill up four pickle jars with pop tabs. The Ronald McDonald House Charities was so grateful for what we did.

This experience has made me a better person. It is not so much the recognition that I gained from the project but rather it was the feeling that I was able to help and even provided a venue for other people to also share their blessings to the less fortunate. The experience not only affected me but also the whole school and their families. I was able to create awareness among the other students who may know of the charitable foundation but did not really know how to help. I realized that sharing my talents and blessings with the underprivileged people is something that goes beyond just the mere act of giving. It gave me a sense of fulfillment. It was very satisfying knowing that in my own little way, I was able to make a difference.
