cities of the Atlantic coast are underwater the union has fallen apart and cars plastics and air conditioning are relegated to history But there are other constants too love humor and old Dan himself always adapting and inspiring others with dreams of a better life An ingenious hilarious and genre bending page turner Mr Eternity is multiple novels in one Together they form an uncommon work about our changing planet and its remarkable continuities Film as Argument Darren Paul Fisher,2025-09-09 If you ve picked up this book it s most likely that you have an interest in movies over and above the typical audience member Perhaps a screenwriter producer or director looking to improve your work always searching for any insight that will result in better cinematic storytelling If that s the case then good news this is the book for you It asks a deceptively straightforward question Why do we make feature films Is it to entertain To move and audience To tell a powerful story For fame and fortune You may have answered yes to each but those answers don t account for the practice overall Most books about screenwriting and directing are primarily concerned with craft and technique but how can you truly understand filmmaking or make the best films unless you know what purpose it really serves So what s the secret As the title of this book suggests making feature films is fundamentally the practice of making a very specific type of argument To see how this works we will deep dive into how filmmakers are trained and taught to think about filmmaking and what traditions they knowingly or unknowingly follow We will look at hundreds of films and some major case studies including Toy Story 3 Schindler s List Raiders of the Lost Ark Amour and mother to explore how and what films argue and why knowing this can both unlock both a greater appreciation of the form and improve the impact your films make Adventure ,1921 Living in the Shadows
