Intellectual Property Valuation and Innovation Ruth Taplin, 2013-10-15 With the recent global economic crisis attitudes and practices in relation to intellectual property valuation are changing as exemplified by the dichotomy explained in this book which makes it unique While there has been a move towards global harmonisation in terms of valuation of both tangible and intangible assets that are based on innovation there is also a tendency against global harmonisation because of cultural attitudes and practices of different countries This can be seen most acutely in relation to intellectual property valuation in Asia especially East Asia which often differs from the West's perception of valuation The book is written by experts in intellectual property valuation and innovation who are mainly practitioners covering innovators marketers accountants social innovators and business and management academics The breadth and practitioner background of most of the contributors make the material relevant to those involved in valuation economics business management accounting and finance law and maritime insurance This book takes an interdisciplinary approach that cross cuts all the above mentioned disciplines and takes the understanding of intellectual property valuation to a new level Contemporary Financial Intermediation Stuart I. Greenbaum, Anjan V. Thakor, Arnoud W. A. Boot, 2015-09-02 In *Contemporary Financial Intermediation* Third Edition Greenbaum Thakor and Boot offer a distinctive approach to financial markets and institutions presenting an integrated portrait that puts information at the core Instead of simply naming and describing markets regulations and institutions as competing books do the authors explore the endless subtlety and plasticity of financial institutions and credit markets This edition has six new chapters and increased enhanced pedagogical supplements The book is ideal for anyone working in the financial sector presenting professionals with a comprehensive understanding of the reasons why markets institutions and regulators act as they do Readers will find an unmatched thorough discussion of the world's financial markets and how they function Provides a distinctive and thought provoking approach to the world's financial markets Explores the endless subtleties and plasticity of financial institutions and credit markets Newly revised with six new chapters and increased pedagogical supplements Presents anyone working in the financial markets and sector with a comprehensive understanding of the inner workings of world markets *The Times Index*, 2009 Indexes the Times Sunday times and magazine Times literary supplement Times educational supplement Times educational supplement Scotland and the Times higher education supplement e-shock 2020 Michael De Kare-Silver, 2011-09-30 What effect have innovations in digital technology had on the way we communicate and work and what can we expect from the future Following on from the hugely successful *e Shock* Michael de Kare Silver analyses the developments in digital technology over the past decade and how they have changed our lives both at home and in the workplace
