**Country Risk Analysis** Ronald L. Solberg, 2002-09-11

Country Risk Analysis is a comprehensive practical guide to the management of international risk and cross border lending The last fifteen years of international commercial bank lending have witnessed a classical boom and bust cycle Yet it is only recently that a formalized approach to country risk assessment has been implemented in the major international banks Ron Solberg s volume provides a state of the art review of the country risk techniques that have evolved in the context of

dramatic changes in developing countries debt service capacity and in international lending itself It deals comprehensively with sovereign credit decision making portfolio management lending behaviour and financial innovations
