Literature and Language Learning in the EFL Classroom Masayuki Teranishi, 2015-08-03. This book examines how literary texts can be incorporated into teaching practices in an EFL classroom. It takes a multi-faceted approach to how English language teaching and learning can best be developed through presentation and exploration of literary texts. Acts of Resistance Jeanne Dyches, Brandon Sams, Ashley S. Boyd, 2023-12-13. The first edition of Acts of Resistance: Subversive Teaching in the English Language Arts/ELA Classroom won the 2021 Society of Professors of Education's Outstanding Book Award and garnered other nominations. The second edition includes a foreword by Ashley Hope Perez, author of the young adult literature novel *Out of Darkness*, one of the most frequently banned books across U.S. classrooms. Four new chapters reflect sociopolitical changes since the book's publication, including a widespread coordinated uptick in the banning of books centering authors and characters from marginalized communities, the COVID-19 pandemic and with it increased acts of violence against folks identifying as Asian, Asian American, and Pacific Islander, the murders of George Floyd and Breonna Taylor, and countless other victims of police brutality, the January 6th insurrection, the closing of the Trump era, the passing of anti-CRT and anti-LGBTQIA legislation, and a school choice movement that defunds public schools, deprofessionalizes educators, and places democracy in peril. Chapters specifically illustrate the storied practices of subversive teachers across the 6-12 ELA context. They provide educators with instructional ideas on how to do anti-oppressive work while also meeting traditional ELA disciplinary elements.

Ethics and ethnicity in the Literature of the United States María Frías Rudolphi, Jose Liste Noya, Begoña Simal González, 2011-11-28. L'ètica es pot definir com la relació amb l'altre; la resposta obligatòria a un altre que precedeix qualsevol norma específica de conducta moral; una relació primordial que és la base de qualsevol codi ètic o moral particular. Quan aquest altre es particularitza com a l'altre ètnic, com es veu afectada en la seua mateixa articulació aquesta concepció de l'ètica. L'ètnicitat com a concepte un càrrec ètic. Leading with Uncommon Sense Wiley C. Davi,Duncan H. Spelman,2020-06-11 This book offers alternatives to typical leadership highlighting new ways of thinking about how individuals can lead effectively Specifically it integrates several fields including neuroscience behavioral economics mindfulness cognitive and social psychology emotional intelligence and management decision making The authors challenge the common sense mainstream thinking about leadership arguing that effective leadership depends on a more complicated understanding of the underlying dynamics When leaders rely on the common sense that they have been taught explicitly or implicitly about leadership the results are often not effective for themselves personally for their followers for the organizations in which they lead and for society as a whole For example aspiring leaders often believe that the mark of good leaders is their ability to come up with quick answers to problems Others believe that one s ability to minimize complexity and uncertainty indicates leadership potential In addition despite the literature suggesting the value of engaging in self reflection few leaders regularly step back and look inward Even those who can intellectually discuss emotional intelligence often focus on their ability to influence the emotions of others rather than reflecting on and learning from their own emotions The book calls for leaders to operate with more humility and greater awareness of the multiple contexts in which they function approaches that improve life for all organizational members As leaders become more effective they will become healthier and more satisfied less harried more grounded and more fulfilled in their lives
