

# Trumpet: Range Exercise

Gary Bridgewater

This musical score is a range exercise for trumpet, consisting of eight staves of music. Each staff begins with a measure number: 1, 5, 9, 13, 17, 21, 25, and 29. The exercise is written in treble clef and 2/4 time. The melody consists of quarter notes, with pairs of notes (e.g., G4 and A4 on the first staff) beamed together and connected by a slur. The notes ascend stepwise across the staves, starting from G4 and reaching G5 by the end of the eighth staff. The exercise is designed to help the player develop range and control across the instrument's range.

**Trumpet Tyro Tonalization Studies** Eddie Lewis, 2019-11-06 Tonalization Studies come from a system of scale exercises that make it easier for students to learn the keys as opposed to just learning finger patterns for scales. The scale exercises are setup in a way that encourage the students to think in the keys often to the point that they can self correct when they make mistakes. The benefits of the Tonalization Studies include better sight reading, transposition, improvisation, intonation, finger technique, tone, and range. The Tyro Tonalization studies are specifically for students with a range up to the fourth space E. We call these students Tyro students and it is the second level of our seven skill level system. This book has exercises in seven different keys: C, F, G, D, B flat, E flat, and A. Tonalization Studies are range limited and work perfectly with Eddie Lewis One Range method. You can read more about building your range using similar exercises in Eddie's book titled *One Range A Trumpet Chops Strategy Guide*. *Practical Hints on Playing the Cornet/Trumpet* Alfred Music, Practical Hints is a unique and highly informative series developed to answer the many questions raised by the beginning student as well as the more advanced musician.
