To be used as a list of skills that ALL tumbling students should be proficient at, or skills that should be included in beginning tumbling classes.

When students show competence in most of, or all of skills on this list, as well as showing a desire to grow their skills and continue learning, they may be considered, by their instructor, for advancement to the next level. (Evaluations will be done regularly in classes, but you can also schedule a private evaluation at the front desk).

If you have any questions regarding any of the skills in any of the sections listed below, please talk to your instructor, and they can help you out. (The knowledge section in particular will require help from an instructor.)
