**Intelligent Technologies and Applications** Imran Sarwar Bajwa, Fairouz Kamareddine, Anna Costa, 2019-03-11 This book constitutes the refereed proceedings of the First International Conference on Intelligent Technologies and Applications INTAP 2018 held in Bahawalpur Pakistan in October 2018 The 68 revised full papers and 6 revised short papers presented were carefully reviewed and selected from 251 submissions The papers of this volume are organized in topical sections on AI and health sentiment analysis intelligent applications social media analytics business intelligence Natural Language Processing information extraction machine learning smart systems semantic web decision support systems image analysis automated software engineering The Great Indian Phone Book Assa Doron, Robin Jeffrey, 2013-04-02 In 2001 India had 4 million cell phone subscribers Ten years later that number had exploded to more than 750 million Over just a decade the mobile phone was transformed from a rare and unwieldy instrument to a palm sized affordable staple taken for granted by poor fishermen in Kerala and affluent entrepreneurs in Mumbai alike The Great Indian Phone Book investigates the social revolution ignited by what may be the most significant communications device in history one which has disrupted more people and relationships than the printing press wristwatch automobile or railways though it has qualities of all four In this fast paced study Assa Doron and Robin Jeffrey explore the whole ecosystem of the cheap mobile phone Blending journalistic immediacy with years of field research experience in India they portray the capitalists and bureaucrats who control the cellular infrastructure and wrestle over bandwidth rights the marketers and technicians who bring mobile phones to the masses and the often poor village bound users who adapt these addictive and sometimes troublesome devices to their daily lives Examining the challenges cell phones pose to a hierarchy bound country the authors argue that in India where caste and gender restrictions have defined power for generations the disruptive potential of mobile phones is even greater than

elsewhere The Great Indian Phone Book is a rigorously researched multidimensional tale of what can happen when a powerful and readily available technology is placed in the hands of a large still predominantly poor population Lean CX Robert Dew,Bill Russell,Cyrus Allen,George Bej,2021-04-06 In recent years many companies have realised customer experience CX is the new marketing battle ground Substantial investments have been made to map customer journeys identify pain points and improve CX to try and create cut through Using real world applications to introduce next generation design tools based on proven concepts from strategy marketing psychology and creative problem solving Lean CX How to Differentiate at Low Cost and Least Risk discusses how to use Lean Management approaches to innovate your customer experience This practical book describes how the tools from Lean Management can be applied to the CX innovation problem The authors draw on hundreds of CX design and strategic innovation projects across a range of industries both B2B and B2C from primary research through client work and secondary case studies available in the public domain The examples include many different vertical industry sectors including those involving hybrid business models The cases included share what worked really well and where CX failed The content goes beyond what actually happened to present an idea of what might be possible with the right design approach and committed resources Presents the swarm algorithm which highlights what the next generation of successful organisations might become Shows how to overcome the CX change risk and reduce the biggest waste in CX management Includes numerous international case examples **Asian Sources Telecom Products** ,2005 **HWM** ,2007-05 Singapore s leading tech magazine gives its readers the power to decide with its informative articles and in depth reviews *Asia's Star Brands* Paul Temporal,2012-11-28 ASIA S STAR BRANDS Asian brands have come of age and no longer can be seen as also rans to their Western competitors The problem is very little has been know about them Paul Temporal s book fills this gap with a series of practical brand biographies which chart both the growing pains and the growth potential of the new contenders from the East It s vital reading for anyone committed to doing business in Asia Miles Young Chairman Ogilvy Mather Asia Pacific China and Japan as well as India and the Emirates suggest remarkable achievements by local companies in the field of branding and brands Such a revolution shall impact not only the regional markets but also the world economy and non Asian firms Paul Temporal s book provides spectacular business cases and broader key lessons it should become a major reference for any practitioner and scholar whether Asian or not I rank it in my short list of relevant texts about competition and success in the coming years Professor Jean Claude Thoenig INSEAD A well managed brand is the lifeline of any successful company this helpful book explains how Asian companies have built their brands to create sustainable competitive advantage Using up to date Asian case studies it will help readers have a better understanding of the creation management and evolution of brands Professor John Quelch Harvard Business School It is often said that the 21st Century is Asia s It is very encouraging to see many Asian brands succeeding as wonderfully showcased by Paul Temporal both regionally and globally Branding is investment for the future *Circular Business Models*

*in the Mobile Phone Industry* David Watson, Anja Charlotte Gylling, Naoko Tojo, Harald Throne-Holst, Bjørn Bauer, Leonidas Milios, 2017-11-30 The circular economy offers opportunities to reduce resource use and waste whilst providing business opportunities. This is also true in the mobile phone industry that has been characterised by high rates of product obsolescence. The emergence of the smart phone has changed the landscape making repair, refurbishment and resale attractive to businesses and consumers. Moreover, emerging modular phone design should allow functional upgrades with low resource wastage. This report investigates the adoption of circular business models within Nordic markets. Producers, retailers, refurbishers, recyclers and resellers tell of their motivation, experiences and the challenges that they face. A special look is taken at consumer and waste law and the challenges and opportunities they represent. The report ends with 17 policy proposals that can accelerate the adoption of circularity in the sector.

**How to Manage and Survive during a Global Crisis** Piyush Sharma, Tak Yan Leung, 2024-07-26 Sharma and Leung explore the differences in the national and organizational responses to COVID-19 across various countries. The COVID-19 global pandemic is possibly the worst healthcare disaster ever, and recent studies highlight several differences in the response to COVID-19. Some countries acted quickly with strict measures to successfully contain the initial spread of the COVID-19 and minimize the number of cases and deaths, while others have not been as proactive and have suffered more as a result. The book is organized under distinct themes based on the stages of the COVID-19 pandemic, consisting of a discovery and early response, b) global spread and reactions, c) early successes and failures, and d) subsequent waves and new strains. It goes on to analyze the differences in national responses to draw important lessons for managers and governments and

concludes with policy recommendations A useful guide for students managers and the general public who are interested in learning about the COVID 19 experience and how such global crises could be managed more effectively in future
