So You Want to Teach Clinical? Laura Jaroneski, Lori Przymusinski, 2018-10-26 Teaching nursing students in a clinical setting with patients differs greatly from teaching in a classroom It can be a daunting task if one is not prepared and mentored This book provides a concise and accessible guide for nursing instructors leading students in the healthcare agency for the first time as well as experienced educators who are interested in exploring new teaching strategies It covers many aspects of the clinical instructor role including meeting the nurse manager organizing and documenting your clinical day creating clinical student assignments objectively evaluating student s individual performance acknowledging diversity and inclusiveness tracking progress and handling student errors In addition the book discusses some of the more complex issues surrounding the role of the clinical instructor such as accountability for nursing care documentation and medication administration carried out by students The book features numerous forms and charts to assist in organizing and managing the teaching experience as well as situational scenarios to help prepare instructors for unique situations that arise during the clinical experience Written by authors with extensive experience in clinical care and teaching this book will be an invaluable guide for all clinical nursing instructors both novice and experienced Examples of tools in the book and online downloadable forms to support an organized clinical experience for a new instructor accompany this publication

Handbook of Clinical Teaching in Nursing and Health Sciences Marcia Gardner, Patricia Dunphy Suplee, 2010-08-23 Due to the growing nursing faculty shortage clinicians are being recruited directly from the practice setting for clinical teaching without formal training in educational strategies Handbook of Clinical Teaching in Nursing and Health Care serves as a quick reference for support of clinical teaching for nurses It allows a clinical instructor to identify a question about clinical teaching and quickly get ideas about how to effectively handle a situation or create the best learning environment within the clinical context

The American Medical Association on the Case for Teaching Racism Francis Kwarteng, 2021-04-26 The public lynching of George Floyd re exposed the rotten underbelly of America and this together with the disproportionate impact of COVID 19 on Black and Brown communities the global Black Lives Matter protests and the racist xenophobic demagoguery of Donald Trump resurrected the old debates about medical racism race relations implicit bias vaccine nationalism vaccine imperialism structural inequality police brutality vaccine hesitancy unethical human experimentation vaccine diplomacy qualified immunity conspiracy theories and social justice Then in 2020 the American Medical Association formally declared racism a public health crisis defined racism as a social determinant of health and embraced the idea of medical schools teaching medical students about racism Alas the nursing curriculum is somewhat silent on these questions Decolonizing the nursing curriculum long overdue is therefore imperative This book explores the question

of decolonizing the nursing curriculum from the angles of postcolonial theory critiquing the Western literary canon American history literary criticism African literature cultural criticism Afrocentric theory democracy African American literature and critical race theory *Leddy & Pepper's Professional Nursing* Lucy J Hood, 2021-08-06 Easy to read visually engaging and updated with the latest practices and considerations in clinical nursing practice Leddy Pepper's Professional Nursing 10th Edition provides a practical overview of the contemporary nursing profession and addresses the philosophical developmental sociocultural environmental political health care delivery and leadership issues essential to career enhancement in clinical practice This enhanced 10th Edition is accompanied by a robust package of interactive resources that engage today's learners and help you instill the understanding and confidence for clinical nursing success *Communication in Nursing* Julia Balzer Riley, 2015-12-21 Immerse yourself in the topic of communication in the workplace with an interesting conversation about the communication demands of today's nursing practice Communication in Nursing 8th Edition adopts a uniquely practical and personal approach providing extensive examples exercises and techniques that help you understand important concepts and apply communication skills in a variety of clinical settings With its conversational tone this relatable text takes you beyond theory to show you how to use communication as a tool to limit stress in your nursing practice A new Active Learning feature that promotes goal directed reading and additional QSEN exercises highlight the importance of assertive communication in promoting quality safe care for clients all in an easy to read magazine layout QSEN preface and exercises stress how communication impacts safety and quality of care Moments of Connection boxes highlight beneficial outcomes of successful communication and provide concrete examples of how communication techniques work Reflections on boxes provide thoughtful summary exercises at the end of each chapter that give you a specific task to help you integrate chapter material into the broader scope of nursing practice Wit Wisdom boxes present selected verses and quotations relevant to chapter topics adding interest and humor These boxes keep your attention by providing moments of relief from serious topics and a ha moments when theory becomes linked to practice Exercises throughout each chapter help you master chapter techniques and strengthen your communication skills NEW Active Learning feature in every chapter promotes active goal directed reading NEW Exercises in each chapter including reflective journaling remediation online and group activities and discussion topics help facilitate various learning types NEW and UPDATED Additional QSEN exercises and an updated QSEN preface highlight the importance of assertive communication in promoting quality safe care for clients NEW Discusses the importance of interprofessional education and communication in the healthcare environment NEW Addresses the importance of presence in nursing being present for clients families colleagues and self NEW New content on healthy grief and the issues of death denial and death phobia and professional boundaries related to social media NEW Coverage of the most current research about the importance of self care NEW Explains the importance of the concept of the pause in communication so you better understand how and when to use pauses **Clinical Teaching Strategies in Nursing, Fifth**

Edition Marilyn H. Oermann, Teresa Shellenbarger, Kathleen B. Gaberson, 2017-09-28 Designated a 2013 Core Title and Essential Purchase by Doody's This highly acclaimed text provides a comprehensive framework for planning, guiding, and evaluating learning activities for undergraduate and graduate nursing students in a wide variety of clinical settings. The fifth edition updates this unequalled source of essential information for all faculty members, full-time, part-time, adjunct, and preceptors responsible for clinical teaching. It encompasses current trends in health care and nursing education with expanded content on ways to maximize the clinical learning experiences of nursing students, use new technologies in clinical teaching, teach and evaluate student performance, and address ethical and legal issues in clinical teaching. Included is new content on establishing and using dedicated education units, integrating simulation with clinical education, using new technologies for clinical learning, teaching and evaluating performance in distance education, promoting interprofessional education in clinical settings, integrating Quality and Safety Education for Nurses (QSEN) in clinical courses, using standardized patients, and developing partnerships with clinical sites. Special features include guidelines for developing clinical sites, planning learning activities and assignments, observing and evaluating students in clinical practice, and using preceptors. With an arsenal of practical and creative tools to help both experienced and novice nurse educators, the text is also a valuable resource for individuals preparing to take the clinical nurse educator (CNE) exam. New to the Fifth Edition: Updated with current trends in health care and nursing education. New chapter on interprofessional education and clinical teaching from a noted expert. Expanded content on maximizing the clinical learning experiences of nursing students. Clinical teaching and evaluating students at a distance. Use of social media and new technologies for clinical teaching. Ethical and legal issues in clinical teaching. New content on using dedicated education units. Developing partnerships with clinical staff and sites. Challenges of student access to electronic health records and electronic documentation of care. Strategies to promote student learning about QSEN. Use of simulations and integration of simulation with clinical education. Latest revisions of the CNE test plan. Recommendations for service learning and international clinical learning sites. Key Features: Delivers a scholarly in-depth examination of current trends and issues in clinical education. Provides evidence-based methods for clinical teaching in nursing education. Includes practical exhibits illustrating best practices in clinical teaching and evaluation. Highlights content in each chapter related to CNE exam blueprint. Offers a vast toolkit for teaching and learning, including Instructor's Manual and PowerPoint presentation.

English for Nurses Shama Lohumi, 2015-07-15 What's New in the Second Edition: More examples have been added in the chapters. Exercises have been increased in several chapters. Several chapters like Narration and Voice have been revised for better clarity of the concept. Chapters like Essay Writing and Comprehension have been revised to include more health care scenarios.
