United States. Army. Ordnance Dept, 1884      **The Guns of John Moses Browning** Nathan Gorenstein, 2022-05-17 A well  
researched and very readable new biography The Wall Street Journal of the Thomas Edison of guns a visionary inventor who  
designed the modern handgun and whose awe inspiring array of firearms helped ensure victory in numerous American wars  
and holds a crucial place in world history Few people are aware that John Moses Browning a tall humble cerebral man born  
in 1855 and raised as a Mormon in the American West was the mind behind many of the world changing firearms that  
dominated more than a century of conflict He invented the design used in virtually all modern pistols created the most  
popular hunting rifles and shotguns and conceived the machine guns that proved decisive not just in World Wars I and II but  
nearly every major military action since Yet few in America knew his name until he was into his sixties Now author Nathan  
Gorenstein brings firearms inventor John Moses Browning to vivid life in this riveting and revealing biography Embodying  
the tradition of self made self educated geniuses like Lincoln and Edison Browning was able to think in three dimensions he  
never used blueprints and his gifted mind produced everything from the famous Winchester 30 30 hunting rifle to the  
awesomely effective machine guns used by every American aircraft and infantry unit in World War II The British credited  
Browning s guns with helping to win the Battle of Britain His inventions illustrate both the good and bad of weapons  
Sweeping lively and brilliantly told this fascinating book that gun collectors and historians of armaments will cherish Kirkus  
Reviews introduces a little known legend whose impact on history ranks with that of the Wright Brothers Thomas Edison and

Ayres, 1895      *Battles of the Red River War* J. Brett Cruse, 2017-08-03 Battles of the Red River War unearths a long buried  
record of the collision of two cultures In 1874 U S forces led by Col Ranald S Mackenzie carried out a surprise attack on  
several Cheyenne Comanche and Kiowa bands that had taken refuge in the Palo Duro Canyon of the Texas panhandle and  
destroyed their winter stores and horses After this devastating loss many of these Indians returned to their reservations and  
effectively brought to a close what has come to be known as the Red River War a campaign carried out by the U S Army

during 1874 as a result of Indian attacks on white settlers in the region After this operation the Southern Plains Indians would never again pose a coherent threat to whites expansion and settlement across their ancestral homelands Until now the few historians who have undertaken to tell the story of the Red River War have had to rely on the official records of the battles and a handful of extant accounts letters and journals of the U S Army participants Starting in 1998 J Brett Cruse under the auspices of the Texas Historical Commission conducted archeological investigations at six battle sites In the artifacts they unearthed Cruse and his teams found clues that would both correct and complete the written records and aid understanding of the Indian perspectives on this clash of cultures Including a chapter on historiography and archival research by Martha Doty Freeman and an analysis of cartridges and bullets by Douglas D Scott this rigorously researched and lavishly illustrated work will commend itself to archeologists military historians and scientists and students and scholars of the Westward Expansion     House documents ,1897     **Course of Instruction for Artillery Gunners** Charles Clifford Morrison,James C.
